Easy to use reference book with clear answers to today's most frequently asked questions in education today.

Who are the 144,000 in Revelation 7:1-8? Are the trumpet judgments literal or symbolic (Revelation 8; 11)? What is the mark of the beast (Revelation 13:18)? Readers who have questions about the book of Revelation usually don't want to wade through pages of commentary to find their answers. Prophecy expert Mark Hitchcock offers a helpful solution in this concise Q&A format. Questions are grouped in broad categories that focus on interpretation, background information, Jesus Christ, and the

Letters to the churches. A final category, "The Consummation," is further divided into subparts that address the tribulation, the second coming, the millennium, and more. These easy-to find and easy-to-understand responses to the most commonly asked questions about the book of Revelation will empower readers to mine its riches and stand strong in their faith.

Hypertension, or high blood pressure, affects an estimated 50 million Americans and is a major contributor to cardiovascular disease, the leading cause of death in the United States. Through proper management the effects of hypertension can be minimized. Dr. William Manger's "101 Questions & Answers About Hypertension" is a comprehensive

Q&A format book providing the reader all the information they need to help manage hypertension and prevent its often lethal effects. "101 Questions & Answers About Hypertension" answers all the most important questions about hypertension and its relationship to other diseases, from hypothyroidism and Alzheimer's to arteriosclerosis and preeclampsia, among others. It also has suggestions for positive lifestyle changes as well as information on alternative and traditional treatment options and questions related to change of life and the effectiveness of blood pressure machines in pharmacies, shopping malls, etc. Question 8 addresses the enormous magnitude of hypertension in the United States. Hypertension is a precursor to stroke and cardiovascular disease. Cardiovascular disease kills

nearly 1 million Americans every year and cripples and disables the same; it's also responsible for more than 52 million lost workdays. In addition, every year more than one-million people suffer heart attacks and 600,000 suffer strokes, a large percentage of both proving fatal. However, Dr. Manger is convinced these statistics can be reduced. Inspired by the decrease in the incidence of heart attack and stroke, Manger saw that with improved medical management and healthy lifestyle changes, hypertension could be controlled and its complications minimized or prevented. He believes a close patient-doctor relationship and a clear understanding of what hypertension is and how to manage it is essential for bringing it under control and minimizing the risk of further

Tunnel Syndrome. Even though
Manger is positive overall about
statistics, still there is room for
improvement: nearly 30% of people
suffering from hypertension go
undiagnosed and only 27% of the 50
million people with this condition have
their blood pressure under control.
"101 Questions & Answers About
Hypertension" seeks to reduce the
statistical gap by giving readers a
comprehensive understanding of
hypertension so they are able to
