The Ford Consul Classic is a mid-sized car that was launched in May 1961 and built by Ford UK from 1961 to 1963. It was available in two or four door saloon form, in Standard or De Luxe versions, and with floor or column gearshift. The name Ford Consul 315 was used for export markets. The Ford Consul Capri was a 2-door coupé version of the Classic, and was available from 1961 until 1964.

Cars in 1963. Ford Motor Company's Ford Division spent an estimated \$250-300 million to introduce its 1964 models according to Division President Lee A. Iacocca. The Ford [new look.] generally followed the design of the Thunderbird. The popular Falcon, for example, had the look of the sporty Thunderbird.

Cars in the 1960s: History, Pictures, Facts & More

Demand was so huge that Ford opened factories in Great Britan and Europe, effectively taking his people car to the world. By the time the '60s rolled along, Ford were one of the biggest brands on the market. They were reeling, however, from a model named after Henry Ford's son. This dud, canned in 1960, cost the company \$2 million.

Classic Ford Cars for Sale | CCFS

Midway through the 1962 model year, the company rushed a separate cab and bed into production as an alternative to the unibody. So last-minute was the conversion that Ford hadn't tooled up to produce a new bed, instead sending 1962 and 1963 models down the line with the box from the 1960 F-Series, which did not line up with the new truck's swoopy lines.

1963 Ford F100 | GAA Classic Cars

In 1962, Ford opened a factory at Halewood near Liverpool to make the Anglia. This ceased to be a Ford plant (although remained under Ford ownership) when the last Escort came off the production line in 2000 and was then converted to make the Jaguar X-Type in 2001, and latterly the Land Rover Freelander .

Classic Ford Consuls For Sale - Car and Classic

The Ford FE engine is a Ford V8 engine used in vehicles sold in the North American market between 1958 and 1976. The FE was introduced to replace the short-lived (in the USA) Ford Y-block engine, which American cars and trucks were outgrowing.It was designed with room to be significantly expanded, and manufactured both as a top-oiler and side-oiler, and in displacements between 332 cu in (5.4 ...

Ford FE engine — *Wikipedia*

What worked well in the FX class in 1962, built by independent racers, would work just as well in 1963, built by the factory and distributed to the favored Pontiac racers around the country. Whereas the full size Catalina sedans had a 119 inch wheelbase, the Pontiac Tempest was built on a much smaller (and lighter) 112 inch wheelbase.

FX - GEORGE KLASS REMEMBERS...

1963 Ford Galaxie The 1963 Galaxie was a classic from the first day it rolled off the showroom floor. This car's distinctive lines and styling are timeless and are now among the most collected Fords of any era. These Galaxies offered many choices for the car buyer. The line offered a large choice of models starting with the Galaxie Sedan.

Model History: Ford Galaxie — Ford Parts

The Mercury Comet is an automobile that was produced by Mercury from 1962|1969 and 1971|1977 □ variously as either a compact or an intermediate car. The Comet was initially based on the compact Ford Falcon, then on the intermediate Ford Fairlane and finally on the compact Ford Maverick. As a Mercury, early Comets received better grade interior trim than concurrent Falcons, and a slightly longer wheelbase.

Featuring unpublished period photographs, plus artwork from Ford designers, Ford Total Performance covers all of Ford's classic race and street cars, including Cobras and Shelby Mustangs, from 1961 to 1971.

Ground up or section by section, this guide will show you how to restore your 1965-70 Mustang to like-new condition. Packed with dozens of identification charts and more than 450 photos and drawings. the guide covers year-by-year equipment changes and disassembly and assembly. A Mustang suppliers list is a bonus.

From 1963 to 1974, muscle cars were the kings of the road--no other American automobiles have ever inspired as much passion as these classic performance cars. Muscle Car Source Book is a one-stop resource for muscle car fans. Heavily illustrated with vivid color photography of all the muscle cars from the classic era (1963-1974) and chock full of data and historical facts, this is a reference book you will not want to put down! All of the manufacturers--Ford, Chevrolet, Pontiac, Buick AMC, Dodge, and Plymouth--are covered, and so are the cars, including the Camaro, Mustang, Charger, GTO, and many more! Statistics: All the performance data available for each car is presented in easily read tables. Specifications: Detailed specifications, including horsepower and torque ratings, curb weight, fuel capacity, stock wheel and tire sizes, and other key technical data unique to each model is given. Production numbers: Production information is broken down across all the performance variants and major features. Options: Major performance options available for each car including engine options, comfort features, gauge packages, and wheel-and-tire options are all outlined.

Follow Ford's leap into the 1960s and the performance era--on the streets and on the track! In the early 1960s, Ford Motor Company underwent a dramatic change in corporate philosophy. Previously, under Ford's young chairman, Henry Ford II ("the Duce") safety, not performance, was the goal. But by 1962, even the chairman realized his philosophy needed to change. Ford was nearly invisible to car-crazy baby boomers. Lee Iacocca convinced Ford that he needed to act decisively or risk losing the emerging youth market to the competition. Thus began Ford's "Total Performance" program. Ford Total Performance is all about Ford's prime racing era from 1961 through 1971. In addition to purpose-built race cars, it also covers production performance cars, specialy models, and unique concepts such as lightweight drag race cars. The book explores the 427 Fairlane Thunderbolt; Mercury Comet; unique V-8 Falcons that competed in the 1963 and 1964 Monte Carlo Rallies; Dick Brannan's 427 A/FX drag car; Ford Indy 500 winning race cars; 427 Overhead Cam SOHC 427 engines as used in A/FX and fuel race cars; Boss 302 and 429 Mustangs for street, drag racing, and Trans-Am; and many more. The Ford-Ferrari war that led to the creation of the legendary GT40 Le Mans race cars isn't forgotten. Featuring unpublished period photographs, plus photos and artwork from Ford designers, Ford Total Performance covers all of Ford's classic race and street cars, including Cobras and Shelby Mustangs. It's a must-have book for any fan of classic American performance cars!
