Clean the left side of the engine to prevent dirt entering the injection pump when the fuel lines and injection lines are removed. Shut off the fuel supply from the fuel tank. You will need to remove the plate on the front of the timing gear cover directly in front of the injection pump.

Bosch VA Pump IH tractor removal and install instructions

Sets engine at tdc on 1 then rotate 360 and engine will be on tdc on 6. Figured out has to be on 1 but when I line the gear up 6 mark to center of crank engine doesn't run right. So I moved pump gear one tooth toady and engine ran worse. On tdc pump has to be turned clockwise to gain a few rpms but won't reach full throttle.
