"The Dark End of the Street" is a 1967 soul song written by American songwriters Dan Penn and Chips Moman and first recorded by American singer James Carr. Shortly afterwards, fellow American soul singer Percy Sledge included his version of the song on his 1967 album The Percy Sledge Way but, as a single, it did not chart as high as the version by Carr.

away from Earth, went supernova, and now, six years later the influence of that catastrophe is just reaching our planet. When the resultant EMP strikes Earth, the world is sent back to the Stone Age. Yet it soon grows evident there are worse things hidden in the dark matter hurricane. Unbearable headaches strike without warning. Human aggression goes off the charts. Small disagreements become bloodbaths. Josh Standing took an oath to serve and protect those of their North Carolina community. That didn't change when he left the police force to become a probation officer. If only his wife understood his drive to rescue tomorrow's troubled youth. But Maxine's greatest concern is to ensure their son survives the cancer that has ravaged his body. As their marriage circles the drain, she takes the once promising athlete to face the final pronouncement of the Boston specialists--alone. But the fractured family has never needed each other more. In the immediate aftermath of the EMP chaos, the separated Standings decide to make their way toward the family farm in West Virginia. However, getting to Maxine's prepper parents is no small task in a world that's swiftly turning into kill or be killed. And when events threaten to separate them further, Josh is faced with an unthinkable choice in this thrilling post-apocalyptic series. Prepper survivalist author Grace Hamilton invites you to step into a post-apocalyptic, EMP-ravaged world filled with strong, resourceful characters, survivalist knowledge, and edge-of-your seat action. This novel contains violence.

"The family elements in the story - the real struggles with marriage, raising a

family, making a living, and just trying to enjoy life - have broadened the book's appeal to a wider audience, primarily women who are not into technology."DARK END OF SPECTRUM will make you think twice before turning on your cell phone or PDA!DARK END OF THE SPECTRUM is a frighteningly plausible and headline ripping tale of the real threats that loom in cyberspace and beyond with a Michael Crichton realism. Based on the author's years of research into the hacker culture.DARK END OF THE SPECTRUM is a thriller that will connect with everyone with a cell phone, PDA or wireless device.When a group of digital terrorists known as ICER take over the US power grid and the cell phone network, they give the government an ultimatum - bomb the borders of Afghanistan and Pakistan with nuclear weapons to put an end to Al-Quada or they will start downing commercial airliners. When the government refuses, ICER destroys most of the downed aircraft in airports all over the country. When ICER sends a pulse that will kill millions on the East Coast, only security expert Dan Riker can stop them, but ICER has kidnapped Dan's family.Will Dan save his family or will millions die?

This novella's hero, the psychoanalyst, is a comic figure compelled by patients, friends, and circumstances to think about profound psychological, philosophical, and theological issues "after the Catastrophe", an undefined moment in recent time that he believes has irreversibly changed the moral course of western culture. Dark At The End Of The Tunnel is a tale of human frailty set against the dark movement of world events.

"A seasoned cop's interest in a mysterious one-eyed girl takes her back to the worst night of her life in this fast-paced thriller from the internationally bestselling author of Black-Eyed Susans. They call her Angel. Found on the side of a remote highway, half-dead and blowing wishes in a field of dandelions, the young girl refuses to speak. No one knows who she is or where she came from--only that she fell from the sky. It's Wyatt who finds her and takes her home to nurse her back to health, setting into motion the town's rumor mill. A pariah, Wyatt still believes he can still communicate with his long-gone sister, and he might be the only one left who knows the truth about the night of her disappearance. The night that Wyatt's cousin, Odette Tucker, also lost something important: her leg. Now a cop, uninhibited by her prosthetic, Odette must reenter Wyatt's ghost-ridden world. In Angel's case and her beautiful green eye, she sees her once-broken self and all the things she was told she'd never do. As she begins to coax Angel into speaking and slowly pieces together her identity, Odette is ignited to reopen the cold case that has haunted her. Soon she is ensnared in a lethal game of cat and mouse with someone who doesn't want that night revisited. The night that inspired her to become a cop, the night her friend disappeared and they both exploded into a small Texas town's dark, violent mythology"--

A boy on the run. A girl determined to find him. A compelling fantasy looks at issues of privilege, protest, and justice. All light in Chattana is created by one man

the Governor, who appeared after the Great Fire to bring peace and order to the city. For Pong, who was born in Namwon Prison, the magical lights represent freedom, and he dreams of the day he will be able to walk among them. But when Pong escapes from prison, he realizes that the world outside is no fairer than the one behind bars. The wealthy dine and dance under bright orb light, while the poor toil away in darkness. Worst of all, Pong's prison tattoo marks him as a fugitive who can never be truly free. Nok, the prison warden's perfect daughter, is bent on tracking Pong down and restoring her family's good name. But as Nok hunts Pong through the alleys and canals of Chattana, she uncovers secrets that make her question the truths she has always held dear. Set in a Thai-inspired fantasy world, Christina Soontornvat's twist on Victor Hugo's *Les Misérables* is a dazzling, fast-paced adventure that explores the difference between law and justice — and asks whether one child can shine a light in the dark.

Written by Ed Brubaker; Art by Darwyn Cooke and Mike Allred For years, Selina Kyle has prowled the skyline of Gotham City as its most famous thief, Catwoman. But when word spreads of Catwoman's demise, Selina decides to leave the costumed world behind and continue her trade cloaked in the shadows. Unable to enjoy her newfound anonymity for too long though, Selina decides that she must return to her infamous persona. Donning a new costume and attitude, Catwoman returns to the streets and sets her sights on the serial killer that has been preying upon the streetwalkers she calls friends.

"New Dark Age is among the most unsettling and illuminating books I've read about the Internet, which is to say that it is among the most unsettling and illuminating books I've read about contemporary life." - New Yorker As the world around us increases in technological complexity, our understanding of it diminishes.

Underlying this trend is a single idea: the belief that our existence is understandable through computation, and more data is enough to help us build a better world. In reality, we are lost in a sea of information, increasingly divided by fundamentalism, simplistic narratives, conspiracy theories, and post-factual politics. Meanwhile, those in power use our lack of understanding to further their own interests. Despite the apparent accessibility of information, we're living in a new Dark Age. From rogue financial systems to shopping algorithms, from artificial intelligence to state secrecy, we no longer understand how our world is governed or presented to us. The media is filled with unverifiable speculation, much of it generated by anonymous software, while companies dominate their employees through surveillance and the threat of automation. In his brilliant new work, leading artist and writer James Bridle surveys the history of art, technology, and information systems, and reveals the dark clouds that gather over our dreams of the digital sublime.

Pursuing an absolutely ordinary life of normal friends and ambitions before falling in love with Clayton, Maggie finds the strength of their shared bond tested by his

dark past and inner demons By the best-selling author of Bad Rep. Original.

An electrifying story of the sensational murder trial that divided a city and ignited the civil rights struggle In 1925, Detroit was a smoky swirl of jazz and speakeasies, assembly lines and fistfights. The advent of automobiles had brought workers from around the globe to compete for manufacturing jobs, and tensions often flared with the KKK in ascendance and violence rising. Ossian Sweet, a proud Negro doctor-grandson of a slave-had made the long climb from the ghetto to a home of his own in a previously all-white neighborhood. Yet just after his arrival, a mob gathered outside his house; suddenly, shots rang out: Sweet, or one of his defenders, had accidentally killed one of the whites threatening their lives and homes. And so it began-a chain of events that brought America's greatest attorney, Clarence Darrow, into the fray and transformed Sweet into a controversial symbol of equality. Historian Kevin Boyle weaves the police investigation and courtroom drama of Sweet's murder trial into an unforgettable tapestry of narrative history that documents the volatile America of the 1920s and movingly re-creates the Sweet family's journey from slavery through the Great Migration to the middle class. Ossian Sweet's story, so richly and poignantly captured here, is an epic tale of one man trapped by the battles of his era's changing times. Arc of Justice is the winner of the 2004 National Book Award for Nonfiction.
