The substantive content of Caribbean History is the activities of the peoples of the islands from the Bahamas to Trinidad as well as those of the peoples of Belize and the Guianas, from the coming of the indigenous Americans to 1985. There is no attempt in this syllabus to promote one organising principle or interpretation of Caribbean History.

This new book offers comprehensive coverage of the new CSEC syllabus, bringing history alive in the classroom with a range of activities and a lively written style that is suitable for all students. Written by experienced teachers and authors, and extensively reviewed across the Caribbean region, this title incorporates classroom-friendly content and activities to give students the opportunity to discuss, interpret and develop their critical analytical skills. It includes suggestions for debate, role play and source analysis as well as step-by-step guidelines to writing School-Based Assessment (SBA) research papers.

Supplemental materials of Caribbean History Core Course and Caribbean History Themes Vol I & II for Caribbean Secondary Examinations Council (CSEC).

'The Caribbean People' is a three-book 'History' series for Secondary schools. Tracing the origins and developments of the Caribbean region, Book 1 starts with Early Civilisation, Tribes and Settlers, followed by Colonisation and Plantations in Book 2. Book

# Access Free Caribbean History Cxc Paper 2 2013

3 looks at modern West Indian society, more recent history and current affairs.

This wide ranging collection of original essays covering themes of Education, Colonial Politics, Caribbean Regionalism and the Caribbean in the Atlantic World was prepared as a tribute to educator and historian Roy Augier. The 28 chapters reflect the principal areas of Augier's academic and professional activities within the walls of the University of the West Indies and beyond, especially in his various roles at the Caribbean Examinations Council.

This Handbook provides a systematic and analytical approach to the various dimensions of international, ethnic and domestic conflict over the uses of national history in education since the end of the Cold War. With an upsurge in political, social and cultural upheaval, particularly since the fall of state socialism in Europe, the importance of history textbooks and curricula as tools for influencing the outlooks of entire generations is thrown into sharp relief. Using case studies from 58 countries, this book explores how history education has had the potential to shape political allegiances and collective identities. The contributors highlight the key issues over which conflict has emerged – including the legacies of socialism and communism, war, dictatorships and genocide – issues which frequently point to tensions between adhering to and challenging the idea of a cohesive national identity and historical narrative. Global in scope, the Handbook will appeal to a diverse academic audience, including historians, political scientists, educationists, psychologists, sociologists and scholars working in the field of cultural and media studies.
