The title is the result of a long thinking of Veterinary Physiology, from a learner's point of view. In authors viewpoint 'Physiology is the language of medicine and health'. Therefore, he opines that, it should be taught and learnt to its details, but in a way, to release abstinence in use of books due to inevitable descriptiveness.

Bookmark File PDF Chapter 38 Digestive And Excretory

Keeping this in mind, this book is planned to impart understanding of Veterinary Physiology in a different synoptic manner, in order to make its study crisp and effective. It will not only help students understand the various physiological processes, but also will help them study it to the point of guidance on every walk of
