"Consider the Lobster" is one of ten essays in this book, whose subjects range from the sublime (a thoughtful review of Professor Joseph Frank's biographical works on Dostoevsky) to the faintly ridiculous (the titular essay referring to a lobster food festival).

Consider The Lobster: And Other Essays: Essays and ...

Consider the Lobster and Other Essays (2005) is a collection of essays by novelist David Foster Wallace. It is also the title of one of the essays, which was published in Gourmet magazine in 2004. The title alludes to Consider the Oyster by M. F. K. Fisher.

Consider the Lobster - Wikipedia

Consider the Lobster was an admirably consistent—and frequently entertaining—collection of essays by DFW. In my opinion, it was actually even stronger than his A Supposedly Fun Thing I'll Never Do Again , which was itself certainly no slouch.

Consider the Lobster and Other Essays by David Foster Wallace

Taxonomically speaking, a lobster is a marine crustacean of the family Homaridae, characterized by five pairs of jointed legs, the first pair terminating in large pincerish claws used for subduing...

David Foster Wallace – Consider the Lobster | Genius

David Foster Wallace, Consider the Lobster Lobsters stand apart from other animals that people eat. People who purchase them at the grocery store are also responsible for killing them at home. This extra step makes many people uncomfortable, but it intrigues David Foster Wallace.

Consider the Lobster and Other Essays Quotes | Course Hero

An Analysis Of Consider The Lobster By David Foster Wallace. In his article "Consider the Lobster", David Foster Wallace uses the Maine Lobster Festival as a medium for his argument regarding the ethics of eating lobster. Wallace frames his article as a conversation just to get people thinking, but a

deeper look at his rhetoric shows that he is arguing against the inhumanities of eating lobster, while doing everything he can to avoid sounding like he is taking a stance.

An Analysis Of Consider The Lobster By David Foster ...

Consider the Lobster is a collection of ten essays, five of which I would call major essays (50+ pages), and the other five are significantly shorter. When at his best, DFW is the best American writer of his generation. You have to go back to McCarthy and Pynchon to find someone who surpasses him.

Do lobsters feel pain? Did Franz Kafka have a funny bone? What is John Updike's deal, anyway? And what happens when adult video starlets meet their fans in person? David Foster Wallace answers these questions and more in essays that are also enthralling narrative adventures. Whether covering the three-ring circus of John McCain's 2000 presidential race, plunging into the wars between dictionary writers, or confronting the World's Largest Lobster Cooker at the annual Maine Lobster Festival, Wallace projects a quality of thought that is uniquely his and a voice as powerful and distinct as any in American letters.

A collection of essays by the award-winning author of *Infinite Jest* shares whimsical and biting observations about such topics as the Bush-Kerry presidential race, the pain experienced by lobsters while they are being prepared for the feast, and Franz Kafka's questionable sense of humor. Reprint.

Do lobsters feel pain? Did Franz Kafka have a sick sense of humour? What is John Updike's deal anyway? And who won the Adult Video News' Female Performer of the Year Award the same year Gwyneth Paltrow won her Oscar? David Foster Wallace answers these questions and more in his new book of hilarious non-fiction. For this collection, David Foster Wallace immerses himself in the three-ring circus that is the presidential race in order to document one of the most vicious campaigns in recent history. Later he strolls from booth to booth at a lobster festival in Maine and risks life and limb to get to the bottom of the lobster question. Then he wheedles his way into an L.A. radio studio, armed with tubs of chicken, to get the behind-the-scenes view of a conservative talk show featuring a host with an unnatural penchant for clothing that only looks good on the radio. In what is sure to be a much-talked-about exploration of distinctly modern subjects, one of the sharpest minds of our time delves into some of life's most delicious topics.

In this exuberantly praised book - a collection of seven pieces on subjects ranging from television to tennis, from the Illinois State Fair to the films of David Lynch, from postmodern literary theory to the supposed fun of traveling aboard a Caribbean luxury cruiseliner - David Foster Wallace brings to

nonfiction the same curiosity, hilarity, and exhilarating verbal facility that has delighted readers of his fiction, including the bestselling *Infinite Jest*.

In February 2000, "Rolling Stone" magazine sent David Foster Wallace, "NOT A POLITICAL JOURNALIST," on the road for a week with Senator John McCain's campaign to win the Republican nomination for the Presidency. They wanted to know why McCain appealed so much to so many Americans, and particularly why he appealed to the "Young Voters" of America who generally show nothing but apathy. The "Director's Cut" (three times longer than the RS article) is an incisive, funny, thoughtful piece about life on "Bullshit One" -- the nickname for the press bus that followed McCain's Straight Talk Express. This piece becomes ever more relevant, as we discuss what we know, don't know, and don't want to know about the way our political campaigns work.

In this rare peak into the personal life of the author of numerous bestselling novels, gain an understanding of David Foster Wallace and how he became the man that he was. Only once did David Foster Wallace give a public talk on his views on life, during a commencement address given in 2005 at Kenyon College. The speech is reprinted for the first time in book form in *This is Water*. How does one keep from going through their comfortable, prosperous adult life unconsciously? How do we get ourselves out of the foreground of our thoughts and achieve compassion? The speech captures Wallace's electric intellect as well as his grace in attention to others. After his death, it became a treasured piece of writing reprinted in *The Wall Street Journal* and the *London Times*, commented on endlessly in blogs, and emailed from friend to friend. Writing with his one-of-a-kind blend of causal humor, exacting intellect, and practical philosophy, David Foster Wallace probes the challenges of daily living and offers advice that renews us with every reading.

Brilliant, dazzling, never-before-collected nonfiction writings by "one of America's most daring and talented writers." (*Los Angeles Times Book Review*). Both *Flesh and Not* gathers fifteen of Wallace's seminal essays, all published in book form for the first time. Never has Wallace's seemingly endless curiosity been more evident than in this compilation of work spanning nearly 20 years of writing. Here, Wallace turns his critical eye with equal enthusiasm toward Roger Federer and Jorge Luis Borges; *Terminator 2* and *The Best of the Prose Poem*; the nature of being a fiction writer and the quandary of defining the essay; the best underappreciated novels and the English language's most irksome misused words; and much more. Both *Flesh and Not* restores Wallace's essays as originally written, and it includes a selection from his personal vocabulary list, an assembly of unusual words and definitions.

Where do you begin with a writer as original and brilliant as David Foster Wallace? Here -- with a carefully considered selection of his extraordinary body of work, chosen by a range of great writers, critics, and those who worked with him most closely. This volume presents his most dazzling, funniest, and most heartbreaking work -- essays like his famous cruise-ship piece, "A Supposedly Fun Thing I'll Never Do Again," excerpts from his novels *The Broom of the System*, *Infinite Jest*, and *The Pale King*, and legendary stories like "The Depressed Person." Wallace's explorations of morality, self-consciousness, addiction, sports, love, and the many other subjects that occupied him are represented here in both fiction and nonfiction. Collected for the first time are Wallace's first published story, "The View from Planet Trillaphon as Seen In Relation to the Bad Thing" and a selection of his work as a writing instructor, including reading lists, grammar guides, and general guidelines for his students. A dozen writers and critics, including Hari Kunzru, Anne Fadiman, and Nam Le, add afterwords to favorite pieces, expanding our appreciation of the unique pleasures of Wallace's writing. The result is an astonishing volume that shows the breadth and range of "one of America's most daring and talented writers" (*Los Angeles Times Book Review*) whose work was full of humor, insight, and beauty.

In this thought-provoking and playful short story collection, David Foster Wallace nudges at the boundaries of fiction with inimitable wit and seductive intelligence. Wallace's stories present a world where the bizarre and the banal are interwoven and where hideous men appear in many guises. Among the stories are 'The Depressed Person,' a dazzling and blackly humorous portrayal of a woman's mental state; 'Adult World,' which reveals a woman's agonized consideration of her confusing sexual relationship with her husband; and 'Brief Interviews with Hideous Men,' a dark, hilarious series of imagined interviews with men on the subject of their relations with women. Wallace delights in leftfield observation, mining the absurd, the surprising, and the illuminating from every situation. This collection will enthrall DFW fans, and provides a perfect introduction for new readers.

The agents at the IRS Regional Examination Center in Peoria, Illinois, appear ordinary enough to newly arrived trainee David Foster Wallace. But as he immerses himself in a routine so tedious and repetitive that new employees receive boredom-survival training, he learns of the extraordinary variety of personalities drawn to this strange calling. And he has arrived at a moment when forces within the IRS are plotting to eliminate even what little humanity and dignity the work still has. *The Pale King* remained unfinished at the time of David Foster Wallace's death, but it is a deeply compelling and satisfying novel, hilarious and fearless and as original as anything Wallace ever undertook. It grapples directly with ultimate questions--questions of life's meaning and of the value of work and society--through characters imagined with the interior force and generosity that were Wallace's unique gifts. Along the way it suggests a new idea of heroism and commands infinite respect for one of the most daring writers of our time.
