What if there was an investment opportunity which could triple your money in just 3 months? Although this sounds like a pipedream - That's exactly what would have happened if you had invested in the coins discussed in the first Cryptocurrency Insider Secrets Book. These coins, all trading under \$1 at the time of writing - produced an average return of 312%. And there were certain coins that skyrocketed even higher. Like Tron - a Chinese project not discussed in any other crypto book on Amazon, which brought returns of 1677% Or Neblio - which increased 966% Or Status - rising 900% So if you had invested \$500 in Tron, you'd have made over \$8,000 in just 3 months. And now, by popular demand, I'm releasing a sequel. With 10 more exciting crypto projects, all currently trading at less than \$1, with huge potential for gains in 2018. Why release a sequel? For one reason - a second cryptocurrency boom is coming. Once that will make last December's gains look small. Because this time, institutional money is coming from Wall Street. And when banks and hedge funds get involved - prices rise faster than ever before Needless to say, millionaires will be made. Rat races will be quit. Lives will be changed forever. The question is - will yours be one of them? In this book you'll discover: How even a technophobic 90 year old can buy Bitcoin is less than 15 minutes (no more difficult than buying anything else online) - Page 19 The coin disrupting a \$1.2 trillion economy - Page 50 The 5 big things you need to examine before investing in a coin (following this checklist separates the great investments from the rest) - Page 14 A coin bridging crypto and traditional financial assets (leading the way for adoption by banks) - Page 36 An all star coin with great industry connections (vital if any crypto project is to take off) - Page 30 A Chinese coin being developed by one of the leading entrepreneurs in the country - Page 56 A brand new, just announced method which makes crypto investing easier than ever - Page 96 A coin with game changing technology which will open up partnerships with Fortune 500 companies - Page 82 A secret but completely legal way to buy coins on Coinbase without paying transaction fees (potentially saving you hundreds of dollars per year) - Page 93 ...and much, much more. Plus not 1, but 2 free bonuses inside! Are cryptos risky? Like any financial asset - there is a degree of risk But you'll learn how to minimize your downside, while still retaining the potential upside. There is one catch though. You must act now. Because things move at lightning speed in the cryptocurrency space. The opportunity window is small, and investments quickly become "if only I'd invested then..." in a matter of weeks rather than months or years. And you don't want to miss out a project that could potentially be the next Bitcoin - do you? So if you're ready to begin profiting from the world's fastest growing financial market... Then click "add to cart" to receive your book instantly!

If you're thinking of buying cryptocurrency in the future, consider this... "If only I'd bought back then"Sound familiar? It probably does. Because when it comes to cryptocurrency, there are so many "if only" or "the one that got away" stories.7 years ago you could have bought 1 Bitcoin for just 10 cents.That same Bitcoin is worth over \$7000 today.100 dollars invested in 2010 would be worth over 7 million dollars today!But now you have an opportunity that's far from typical.It's an opportunity to buy 22 cryptocurrencies with huge potential, while their prices are under \$1.An opportunity to buy like an "insider" - with significant early adopter advantages.An opportunity to experience your own huge Bitcoin-like returns!The 2 Book Cryptocurrency: Insider Secrets Bundle contains: 7 giant cryptocurrency mistakes which are guaranteed to lose you money - and how you can avoid making them A step-by-step guide on how to safely store your newly bought cryptocurrency The private coin that has increased in value 200% in the past 3 weeks alone - with more explosive gains to come! The number 1 period of time when you should NOT invest in a cryptocurrency (thousands have lost money by doing this) The coin with revolutionary technology allowing anyone access to a supercomputer The coin spearheaded by a true blockchain visionary, and one of Forbes Asia's Business 30 under 30 (I guarantee no other book will mention this one) The undisputed biggest reason why amateurs LOSE money in the cryptocurrency market - and what you can do to prevent it The only gaming coin with actual ties to the casino industry (this is vital for future growth) The Chinese coin with an all-star development team and a very unique business proposition (this one is a real wildcard with enormous potential) The coin that offers businesses an affordable solution to a billion dollar problem A brand new, just announced method which makes crypto investing easier than ever The coin which allows you to make completely hands-off, passive, while-you-sleep income with cryptocurrency A coin bridging crypto and traditional financial assets (leading the way for adoption by banks) An all star coin with great industry connections (vital if any crypto project is to take off) A Chinese coin being developed by one of the leading entrepreneurs in the country A coin with game changing technology which will open up partnerships with Fortune 500 companies A secret but completely legal way to buy coins on Coinbase without paying transaction fees (potentially saving you hundreds of dollars per year)...and much, much more!Plus one one but two free bonuses!These coins all have huge potential for gains of 10X or even 100X in the next 18 to 24 months.Even if you think cryptocurrency is completely overwhelming and confusing - this book breaks everything down into simple, easy to understand language.Unless you want another "if only" story - the time is now.Click "add to cart" to receive your book instantly!P.S. In his first book, Stephen Satoshi brought news of NEO when the price was \$7.80 - 3 weeks before it exploded more than 500%! Plus - this guide has a step by step process of how you can buy all of these coins, broken down into simple English.With traditional investments, doubling your money in a year is unheard of. But with cryptocurrencies it's considered a bad year if you "only" double it.How about 10Xing or ever 100Xing your initial investment?It's possible. If you're ready to become a part of the world's fastest growing and most exciting market - order now!

If you 're thinking of buying cryptocurrency in the future, consider this... " If only I 'd bought back then " Sound familiar? It probably does. Because when it comes to cryptocurrency, there are so many " if only " or " the one that got away " stories. 7 years ago you could 've bought 1 Bitcoin for just 10 cents. That same Bitcoin is worth over \$8000 today. 100 dollars invested in 2010 would be worth over 8 million dollars today! But now you have an opportunity that 's far from typical. It 's an opportunity to cryptocurrencies, while the prices are down 60% from the start of the year? You 're probably thinking - if prices are down so much, why on Earth would I buy? The answer is, this dip is only temporary. Because it gives institutions like investment banks a chance to load up their own holdings for less. Banks like JP Morgan, who just last year were adamantly against cryptocurrency - but now are offering it as an investment option And the Chicago Board of Exchange who just filed an application to provide the world 's first Bitcoin ETF. Which is why earlier this month, Bitcoin rose 28% in just 4 days. Indicating that the next big boom might just be upon us... In this giant 15 book bundle you will discover: A complete analysis of over 70! different cryptocurrencies (no other book on Amazon comes close) 7 giant cryptocurrency mistakes that are guaranteed to lose you money - and how you can avoid making them A step-by-step guide on how to safely store your newly bought cryptocurrency A secret but completely legal way to buy coins on Coinbase without paying transaction fees (potentially saving you hundreds of dollars per year) How to use cryptocurrency to hedge against your traditional portfolio A coin with game changing technology which will open up partnerships with Fortune 500 companies A fundamental analysis of 7 high growth potential cryptocurrencies that all utilize Ethereum technology How a tiny plastic tube is making investors in this marijuana company very rich The only gaming coin with actual ties to the casino industry (this is vital for future growth) How to legally invest in cryptocurrencies tax free How even a technophobic 90 year old can buy Bitcoin is less than 15 minutes (no more difficult than buying anything else online)...and much, much more!Plus not one, but four free bonuses inside! Including guides on crisis investing and marijuana stocks with profit producing information like The " McDonald 's secret ", which directly relates to the marijuana industry and your chance of profiting How regular folks can legally benefit from holding assets offshore The absolute worst type of stock to have in your portfolio, and one that always plummets during a downturn The one sub-section of the marijuana industry you must be in The " 3 Rs " stocks which perform best in a bad market What your broker isn't telling you about airline stocks But aren 't cryptocurrencies risky? Like any investment, they carry certain risks. That 's why this book helps you stay informed and armed with the best knowledge possible - all broken down into easy, digestible language. There is one small thing to bear in mind though... Unless you want another " if only " story - the time is now. Because things move fast in the crypto space, and today 's golden opportunity becomes tomorrow's missed opportunity. So if you 're ready to become a part of the world 's fastest growing and most exciting market - scroll up and click " add to cart " to receive your book instantly! P.S. Many cryptocurrency analysts now predict Bitcoin could reach up to \$65,000 by the end of the year, and other cryptocurrencies inside this mega bundle could go even higher

If want to profit from what Forbes Magazine is calling " ... the best ground floor opportunity we 've seen since the early days of the internet. " then keep listening... The legal marijuana market is now growing at the same speed as the broadband internet market in the early 2000s. Certain stocks have risen more than 5000% in the past 5 years. Which means a small \$100 investment would now be worth \$5000 or more. And some stocks soared even higher Maple Lead Green World which rose 7500% Endexx which rose 32,000% - that 's more than any cryptocurrency But wait... Aren 't the best days behind us? After all, isn 't marijuana legal in 30 states now? While that 's true. It 's still not legal at a federal level Which means hedge funds, investment banks and other big players could not get their piece of the pie. But that 's all about to change. And when JP Morgan, Citibank get involved, we will see to biggest influx of money into the marijuana industry...ever Which means if you own certain marijuana stocks before federal legislation, then you could be set for some of the biggest gains every seen in your lifetime. Because on November 6th - 6 states are fighting for legalization, which is the highest number we 've seen at the same time in US history. If even half of these pass, that signals tens of billions flowing into the marijuana industry. In fact, Business Insider estimates the legal marijuana industry could be bigger than the soda industry. Think for a second - imagine if you 'd invested in Coca-Cola back when it first went public? Or imagine cryptocurrency - except this time, the companies actually create an in demand, tangible product In this book you will discover: The company which makes the one thing every single legal pot sale must include (making it a prime takeover target) The single best marijuana REIT available for regular investors (another stock similar to this saw gains of over 9000% in just 7 months) Jeff Sessions was previously called the marijuana industry 's biggest enemy - why he is no longer an obstacle President Trump 's true stance on pot, which the mainstream media won 't tell you about The Home Depot of the marijuana industry - and a prime takeover target for giant retailers (potential 10X returns from this one stock) An advanced Canadian grower, currently trading under \$1 3 stocks you would have no idea would benefit from a growing marijuana industry This penny stock just partnered with a leading European grower, which could result in the biggest growth of all The company which could become the McDonald 's of the Marijuana Industry ...and much, much more! Plus a free bonus book detailing the potential gains to be made in the legalized sports betting sector Here 's the deal. The legal marijuana industry is set to grow by 5X in the next decade. Which puts it at around \$300 billion, the same size as the beer industry. You won 't see those kinds of gains in tech stocks, or pharmaceutical companies. So for investors who get in early, these will be life-changing gains. For those who sat on the side-line, it 'll be just another " if only I 'd invested then..." moment So if you don 't want to miss out on the biggest investment opportunity of the past 10 years...then scroll up and click " add to cart "

If you're interested in what the future of government, finance and banking will look like, keep reading... If you're looking for a blockchain book that isn't just a two-hour Bitcoin hype that reads like a high school report, then you've come to the right place Blockchain has been called the biggest technological innovation since the world wide web. This technology is already disrupting the way we look at our banking sector, how we view our governments and what our future currency will look like. However, the mainstream media isn't any good at telling you what blockchain actually is, or how it works. They'd rather just print misleading headlines and play 5 second inaccurate soundbites on TV. You see, blockchain goes beyond Bitcoin and cryptocurrency in general. This is a technology that provides countless practical solutions to real world problems ranging from fighting fraudulent financial transactions all the way to helping HIV research. This book separates fact from fiction, goes beyond the hype and shows precisely how blockchain is going to influence our future. In this book you'll discover: How blockchain technology actually works - Page 8 Which multi-million dollar industry could Blockchain make obsolete within years - Page 19 Which country is effectively using blockchain technology to launch "smart cities" - Page 33 Which governments are embracing blockchain openly? - Page 54 How you can open your cryptocurrency portfolio in less than 10 minutes - Page 72 How to spot a blockchain ICO scam - Page 78 ...and much, much more You don't have to have a technical background to enjoy this book. All the concepts have been broken down into easy to understand language. If you're ready to take the next step and immerse yourself in this revolutionary technology, order now to begin your blockchain journey!
