Most career books take one of two approaches: They provide theoretical frameworks that are difficult to apply or they offer cookie-cutter answers to a series of stock interview questions that, in reality, rarely get asked. The Introvert's Guide to Job Hunting provides a flexible, easy-to-follow process for selecting or affirming your career goal, crafting a rock star resume that sets you apart from the competition, and enabling you to confidently navigate the interview and negotiation processes. It also offers the perspective of top-notch career coaches, headhunters, and assessment experts. The Introvert's Guide to Job Hunting crosses experience levels, industries, and geographic boundaries. Whether you are an experienced professional seeking the next level, a career changer, or a recent graduate just getting started, it can help you achieve your goals. While this book specifically targets introverts, it also provides tips and techniques for job seekers who view themselves as more extroverted.

Applying for a federal job or promotion no longer requires a lengthy, lifeless form. Instead, applicants can emphasize their strengths, skills, and smarts in resumes that will hook hiring staff and make personal qualifications shine.

The Mises Institute is thrilled to bring back this popular guide to ridiculous economic policy from the ancient world to modern times. ancient world, the Roman Republic and Empire, Medieval Europe, the first centuries of the U.S. and Canada, the French Revolution, the 19th century, World Wars I and II, the Nazis, the Soviets, postwar rent control, and the 1970s. It also includes a very helpful conclusion spelling out the theory of wage and price controls. This book is a treasure, and super entertaining!

Killian knows all about vampires and aliens. They're not real. But when a handsome swimmer climbs into her storm-tossed boat an hour from her summer destination, the worlds of fantasy and reality suddenly collide... Cuttylea Island has no mall, no social scene, and no action. But it does have a mysterious stone tower, ageless islanders, and a secret as astonishing as a mermaid's tale... Before the summer is through, Killian will find the truth of her family's past...and the role she is destined to play in a centuries-old curse.

A Spectacular Enhancement to the Skill System Mythic Skills introduces a system of skill exploits that take the basic tasks your skills allow you to perform and dials them up to amazing levels. In addition, every skill in the Pathfinder Roleplaying Game Core Rulebook also gets brand-new skill exploits, as well as greater exploits that only the most skilled masters would even attempt. This book contains rules for using these enhanced skills with mythic characters but also provides an alternative system for use in non-mythic Pathfinder campaigns! This system allows your characters to focus on their skills as a key part of their character construction and to invest more of their character's abilities in their character itself, rather than the character's gear or magical tools. You can use these rules generally with mythic characters, allowing them to attempt all manner of skill-based exploits, or you can limit the ability to pull off these amazing skill stunts to those mythic characters that have really invested in making their skills a key part of their character's identity. The mythic rules offer an opportunity to magnify what makes a character special, and the skills they choose to hone as part of their background narrative and throughout the course of the campaign should be just as important in defining them as their marvelous magic and fabulous feats. With Mythic Skills in your hands, your skills will be just as spectacular!"
