Vintage camper trailers are a unique symbol of midcentury America that resonates with many people. This book introduces many of those people, along with the trailers they've lovingly maintained or restored. It includes hundreds of photographs of everything from fancy and comfortable trailers designed for glamping (glamorous camping), to trailers handed down through families across generations, and even entrepreneurs who have transformed their trailers into vending booths. Paul Lacitinola enjoys everything about vintage camper trailers, including rescuing, restoring, and rallying. In 2011, he began publishing the first U.S.-based magazine for collectors, restorers, and admirers of American-made camper trailers, Vintage Camper Trailers, which now has thousands of subscribers in more than a dozen different countries. He lives in Elverta, California.

This book is a compilation of the best tips submitted by readers of the Trailer Life magazine column "10-Minute Tech." These RVers have discovered simple, quick ways to solve small onboard problems; get things to run smoother, quieter, and better; personalize an RV with changes and upgrades; and make life on the road easier.

The annual U.S. leisure market is assessed at \$2.5 trillion. Leisure Market Research Handbook 2015-2016 presents an in-depth assessment of leisure, examining the market within the scope of such topics as entertainment & amusement, cultural & creative activities, hobbies, lifestyle activities, and sports & recreation. In all, 95 unique segments of leisure are assessed, covering virtually every activity where consumers spend their non-working time and discretionary income. Most chapters provide statistics on participation and expenditures, market characteristics and trends, demographics, and a list of resources for further research. Fueled predominantly by Baby Boomer spending, significant growth in the leisure marketplace is expected for the foreseeable future.
