Mary Shelley's Frankenstein; or, The Modern Prometheus (1818) is a novel of ideas that anticipates science fiction. James Hogg's The Private Memoirs and Confessions of a Justified Sinner (1824) is a subtle study of religious mania and split personality. Even in its more-vulgar examples, however, Gothic fiction...

## Frankenstein; Or, The Modern Prometheus (English Edition ...

First published in 1818, Frankenstein; or, The Modern Prometheus is a novel by Mary Shelley. It is written in the tradition of Romanticism, a late 18th-century and early 19th-century movement that responded to the Enlightenment. Rejecting rationalism, Romantic literature often celebrated the power of nature and of the individual.

Frankenstein, or the Modern Prometheus (Revised Edition ...

Details for: Frankenstein , or, The modern Prometheus / Normal view MARC view ISBD view Frankenstein , or, The modern Prometheus / Mary Shelley ; edited by M. K. Joseph.

Frankenstein was published in 1818, the work of a 21-year-old genius named Mary Shelley. Hundreds of movies, adaptations, and monster masks later, its reputation remains so lively that the title has become its own word in the English language. Victor Frankenstein, a scientist, discovers the secret of reanimating the dead. After he rejects his hideous creation, not even the farthest poles of the earth will keep his bitter monster from seeking an inhuman revenge. Inspired by a uniquely Romantic view of science's possibilities, Shelley's masterpiece ultimately wrestles with the hidden shadows of the human mind.

By the dim and yellow light of the moon, as it forced its way through the window-shutters, I beheld the wretch-the miserable monster whom I had created. He held up the curtain of the bed; and his eyes, if eyes they may be called, were fixed on me. His jaws opened... Frankenstein is the most celebrated horror story ever written. It tells the dreadful tale of Victor Frankenstein, a visionary young student of natural philosophy, who discovers the secret of life. In the grip of his obsession he constructs a being from dead body parts, and animates this creature. The results, for Victor and for his family, are catastrophic. Written when Mary Shelley was just eighteen, Frankenstein was inspired by the ghost stories and vogue for Gothic literature that fascinated the Romantic writers of her time. She transformed these supernatural elements an epic parable that warned against the threats to humanity posed by accelerating technological progress. Published for the 200th anniversary, this

edition, based on the original 1818 text, explains in detail the turbulent intellectual context in which Shelley was writing, and also investigates how her novel has since become a byword for controversial practices in science and medicine, from manipulating ecosystems to vivisection and genetic modification. As an iconic study of power, creativity, and, ultimately, what it is to be human, Frankenstein continues to shape our thinking in profound ways to this day.

A monster assembled by a scientist from parts of dead bodies develops a mind of his own as he learns to loathe himself and hate his creator.

Frankenstein; or, The Modern Prometheus is a novel written by the English author Mary Wollstonecraft Shelley. Frankenstein tells the story of a young science student Victor Frankenstein, who creates a grotesque but sentient creature in an unorthodox scientific experiment. Mary Shelley started writing the story when she was 18, and the first edition of the novel was published anonymously in London in 1818, when she was 20. Mary Shelley's name first appeared on the second edition, published in France in 1823. Mary Shelley travelled through Europe in 1814, journeying along the River Rhine in Germany with a stop in Gernsheim which is just 17 km (10 mi) away from Frankenstein Castle, where, two centuries before, an alchemist was engaged in experiments. Later, she travelled in the region of Geneva (Switzerland)-where much of the story takes place-and the topic of galvanism and other similar occult ideas were themes of conversation among her companions, particularly her lover and future husband, Percy Shelley. Mary, Percy, Lord Byron and John Polidori decided to have a competition to see who could write the best horror story. After thinking for days, Shelley dreamt about a scientist who created life and was horrified

by what he had made; her dream later evolved into the novel's story. Frankenstein is infused with elements of the Gothic novel and the Romantic movement, and is also considered to be one of the earliest examples of science fiction. The story of Victor Frankenstein's terrible creation and the havoc it caused has enthralled generations of readers and inspired countless writers of horror and suspense. Considering the novel's enduring success, it is remarkable that it began merely as a whim of Lord Byron's. "We will each write a story," Byron announced to his next-door neighbors, Mary Wollstonecraft Godwin and her lover Percy Bysshe Shelley. The friends were summering on the shores of Lake Geneva in Switzerland in 1816, Shelley still unknown as a poet and Byron writing the third canto of Childe Harold. When continued rains kept them confined indoors, all agreed to Byron's proposal. The illustrious poets failed to complete their ghost stories, but Mary Shelley rose supremely to the challenge. With Frankenstein, she succeeded admirably in the task she set for herself: to create a story that, in her own words, "would speak to the mysterious fears of our nature and awaken thrilling horror - one to make the reader dread to look round, to curdle the blood, and quicken the beatings of the heart." Frankenstein written by Mary Wollstonecraft Shelley is a great book highly recommended to read .

Frankenstein; or, The Modern Prometheus is a novel written by Mary Shelley about eccentric scientist Victor Frankenstein, who creates a grotesque creature in an unorthodox scientific experiment. Shelley started writing the story when she was nineteen, and the novel was published when she was twenty-;

scientific experiment. Shelley started writing the story when she was eighteen, and the novel was published when she was twenty. The first edition was published anonymously in London in 1818.

The California edition of the Pennyroyal Press "Frankenstein" unites the dark side of Barry Moser's art with the classic 1818 text of Mary Shelley's tale of moral transfiguration. In a vivid sequence of woodcuts, the reader witnesses the birth of the "monster" as Moser shapes him from darkness and gives him a form simultaneously ghastly in its malice and transfixing in its suffering.
