Classic editor. History.  
Talk (0) Share. The Game of Life, also known simply as LIFE, is a board game originally created in 1860 by Milton Bradley, as The Checkered Game of Life. The game simulates a person's travels through his or her life, from high school graduation to retirement, with jobs, marriages and children (or not) along the way. Two to six players can participate in one game; however, variations of the game have been made to accommodate a maximum of eight or ten players.
