in a 155-mile race through the Gobi Desert in China. The lovable pup, who would later earn the name Gobi, proved that what she lacked in size, she more than made up for in heart, as she went step for step with Dion over the Tian Shan Mountains, across massive sand dunes, through yurt villages and the black sands of the Gobi Desert, keeping pace with him for 77 miles. As Dion witnessed the incredible determination and heart of this small animal, he found his own heart undergoing a change as well. Whereas in the past these races were all about winning and being the best, his goal now was to make sure he and Gobi ' s friendship continued well after the finish line. He found himself letting Gobi sleep in his tent at night, giving her food and water out of his own limited supply, and carrying her across numerous rivers, even when he knew it would mean putting him behind in the race, or worse, prevent him from finishing at all. Although Dion did not cross the finish line first, he felt he had won something even greater – a new outlook on life and a new friend that he planned on bringing home as soon as arrangements were made. However, before he could take her home, Gobi went missing in the sprawling Chinese city where she was being kept. Dion, with the help of strangers and a viral outpouring of assistance on the internet, set out to track her down, and reunite forever with the amazing animal that changed his life and proved to him and the world that miracles are possible.

life in America. Shan, a former hard laborer who is now one of Asia's best-known financiers, is thoughtful, observant, eloquent, and brutally honest, making him well-positioned to tell the story of a life that is a microcosm of modern China, and of how, improbably, that life became intertwined with America. Out of the Gobi draws a vivid picture of the raw human energy and the will to succeed against all odds. Shan only finished elementary school when Mao Zedong's Cultural Revolution tore his country apart. He was a witness to the brutality and absurdity of Mao's policies during one of the most tumultuous eras in China's history. Exiled to the Gobi Desert at age 15 and denied schooling for 10 years, he endured untold hardships without ever giving up his dream for an education. Shan's improbable journey, from the Gobi to the "People's Republic of Berkeley" and far beyond, is a uniquely American success story – told with a splash of humor, deep insight and rich and engaging detail. This powerful and personal perspective on China and America will inform Americans' view of China, humanizing the country, while providing a rare view of America from the prism of a keen foreign observer who lived the American dream. Says former Federal Reserve chair Janet Yellen: "Shan's life provides a demonstration of what is possible when China and the United States come together, even by happenstance. It is not only Shan's personal history that makes this book so interesting but also how the stories of China and America merge in just one moment in time to create an inspired individual so unique and driven, and so representative of the true spirits of both countries."

friendship through the challenges of an 80-mile race and Dion ' s struggle to bring Gobi home for good. Finding Gobi: The True Story of One Little Dog's Big Journey is the incredible true story of Dion Leonard, a New York Times bestselling author and athlete, who was befriended by a stray dog while running an ultramarathon through the Gobi Desert. Named for the desert in which he found her, Gobi became Dion ' s closest companion for 77 miles of the 155-mile race across China. The scrappy little pup ran mile after mile alongside Dion, through treacherous conditions and across raging rivers. He let her sleep in his tent and share his food, and eventually, his focus shifted from winning to the newfound friendship he and Gobi shared. They crossed the finish line together—not first, but together—and Dion decided to bring Gobi home to Scotland. Just before they were about to leave, however, Gobi disappeared, setting off a worldwide search for the stray. In a town of more than 3 million people, the search seemed hopeless, but this tale of friendship will surprise and delight you as you find out what happens! Join the almost too-good-to-be-true story of hope, friendship, and beating incredible odds in Finding Gobi: The True Story of One Little Dog's Big Journey by Dion Leonard.
