Guruji: A Portrait of Sri K. Pattabhi Jois Through the ...

What I had in mind was to paint a portrait of Gurujii, an Impressionistic image or collage, by juxtaposing different shades and hues of answers to the same questions. My questions were designed to be cut from the end result, leaving the interviewees to speak for themselves. You will notice there are very few questions which evoke a yes/no response. I wanted to make the interviews as ...

An unprecedented portrait of a great yoga teacher and how teachings and traditions are transmitted and passed on It is a rare and remarkable soul who becomes legendary during the course of his life by virtue of great service to others.

AN UNPRECEDENTED PORTRAIT OF A GREAT YOGA TEACHER AND THE WAYS IN WHICH TEACHINGS AND TRADITIONS ARE PASSED ON It is a rare and remarkable soul who becomes legendary during the course of his life by virtue of great service to others. Sri K. Pattabhi Jois was such a soul, and through his teaching of yoga, he transformed the lives of countless people. The school in Mysore that he founded and ran for more than sixty years trained students who, through the knowledge they received and their devotion, have helped to spread the daily practice of traditional Ashtanga yoga to tens of thousands around the world. Gurujii paints a unique portrait of a unique man, revealed through the accounts of his students. Among the thirty men and women interviewed here are Indian students from Jois's early teaching days; intrepid Americans and Europeans who traveled to Mysore to learn yoga in the 1970s; and important family members who studied as well as lived with Jois and continue to practice and teach abroad or run the Ashtanga Yoga Institute today. Many of the contributors (as well as the authors) are influential teachers who convey their experience of Jois every day to students in many different parts of the globe. Anyone interested in the living tradition of yoga will find Gurujii richly rewarding.

The seminal treatise and guide to Ashtanga yoga by the master of this increasingly popular discipline There is a yoga boom in America, and Sri K. Pattabhi Jois is at the heart of it. One of the great yoga figures of our time, Jois brought Ashtanga yoga to the West a quarter of a century ago and has been the driving force behind its worldwide dissemination. Based on flowing, energetic movement, Ashtanga and the many forms of vinyasa yoga that grow directly out of it--have become the most widespread and influential styles of practice in the United States today. Mala means "garland" in Sanskrit, and Yoga Mala--a "garland of yoga practice"--is Jois's distillation of Ashtanga. He first outlines the ethical principles and philosophy underlying the discipline and explains its important terms and concepts. Next he guides the reader through Ashtanga's versions of the Sun Salutation and its subsequent sequence of forty-two asanas, or poses, precisely describing how to execute each position and what benefits each provides. Brought into English by Eddie Stern, a student of Jois's for twelve years and director of the Patanjali Yoga Shala in New York City, Yoga Mala will be an indispensable handbook for students and teachers of yoga for years to come.

Yoga was created as a science for liberation, but in modern times it is used by many to improve physical and mental health, helping us become more productive at work, more caring in relationships, more responsible contributors to society, and better inhabitants of this planet. If yoga does accomplish all that—as many practitioners report—how exactly does yoga do it? How does yoga work? Believe it or not, the answers lie in how the human body and mind function. Eddie Stern 's One Simple Thing: A New Look at the Science of Yoga and How It Can Transform Your Life explains from both a yogic and a scientific perspective how the human nervous system is wired. It describes the mechanics taking place beneath the surface of our bodies and shows how we can consciously use yogic practices to direct and change our lives in positive ways. Drawing on modern neuroscience, ancient wisdom, and decades of practice and teaching, Eddie Stern reveals how what we do—from diet to chanting, from postures to meditation, from ethical practices to breathing techniques—affects who we become, and how a steady routine of activities and attitudes can transform our bodies, our brain functions, our emotions, and our experience of life.

A guide for healing, inner happiness and spiritual awakening by activating and developing your lightbodyThe first book Meditation and Qigong Mastery elaborates on the meditation and Qigong principles that masters use to activate and develop their lightbodies, also called EMF (electromagnetic fields), Wei Qi or merkaba, which is the missing mastery principle not discussed by eastern authors in their meditation and Qigong books. Omkabah heart lightbody activation and Maitreya (Shiva) Shen Gong are introduced. Quotations on inner mastery by meditation masters are included to guide the readers toward the path of inner mastery. Powerful mantras are also included to unite the meditation practitioners to the spiritual divine energy of the ancient lineage of the Siddha and Buddhist Masters. Lastly, the merkaba energy ball of light with holographic sound healing is taught for healing and spiritual awakening.

The intimate and sometime startling account of Fischman's spiritual journey and the encounter that changed his life forever.

This book is a spiritual memoir on the life and explorations of Anthony Prem Carlisi, as well as a source of practical, applicable information about the practices of Ashtanga Yoga, Ayurveda and Tantra. The synergy of these three sciences are what Prem believes to be the key to living a healthy, rooted and ecstatic life! The book is written in a down to earth way so that anyone can pick it up and enjoy it. He writes with an openness about the ups and downs of his experiences along the yogic path. Prem shares his wisdom, in a light, funny and simple manner, making these esoteric topics approachable for yogi's and householders. It is a candid inner look, spoken from the heart of a devoted, 30 year yoga practitioner.

"Three people died simultaneously in different parts of India, seemingly unrelated but as the investigation progressed the investigators started finding evidences which ultimately not only related these incidents but opened doors to an investigation which was a much larger conspiracy, beyond anyone's imagination. Tapas had a good job, a bright future and was about to marry the girl he loved but fate suddenly turned against him. That's when he met a spiritual Guru who taught him Pranayama, meditation, and the teachings of the Bhagavad Gita. Soon, he started taking classes of Pranayama, meditation and started giving Gita pravachan for a small fee. With this modest beginning, he went on to having the largest ashram in India at Puri, Odisha and many ashrams in various countries around the world. An MLA, an American and an Ayurvedic doctor, were instrumental in his rise. Everything was going well for everyone until there was a murder in the ashram. What was really going on? Was the ashram really, what it was supposed to be?
