The rapid takeoff of the continent-sized national economies and the increasing expense of extraction have led to strong tensions in petrol prices and a race towards alternative driving systems. This book analyses the emergence of a second automobile revolution through the trajectories of automobile firms since the nineties.

After pharmaceutical industry executives Martin Cardenas and Justin Palmer step forward to complain about the test results of a soon-to-be-released cancer drug, they are subsequently fired. Soon after, stalking and threats of violence follow. The two have no idea what they are up against. Aligor Pharmaceuticals' touted drug, Delexane, is only weeks from FDA approval, but the third phase results don't add up. With billions of dollars on the line, revealing the secrets of the company proves to be a dangerous undertaking. Attorney Scott Winslow takes on the case against the pharma giant. Meanwhile, investigator Lee Henry goes to extraordinary lengths to discover evidence that would make a difference. But can they prevail against a multi-billion dollar corporation?

When Vice President Vandercleve dies unexpectedly, the president's staff decides to postpone the announcement for political reasons
