Assisted Living and Residential Care Administration is a new and rapidly emerging health profession in which minimum standards of education for administrators are just being established. Organized around the current domains of practice for nursing home administrators, this self-study guide has 675 test questions in the national exam format. Each question is referenced to Allen's major text, ASSISTED LIVING ADMINISTRATION, to explain why your answers are correct or incorrect. This guide will test the knowledge of current administrators and educate them to run efficiently an assisted living or residential care facility so that it meets current federal requirements for safety and excellence.

Contains more than 300 practice questions and answers! Assisted Living Administration and Management Review is the first practical question-based study guide for anyone preparing for certification or licensure exams in residential care and assisted living (RC/AL) administration. Organized according to the original five domains of practice established by the National Association of Long-Term Care Administrator Boards (NAB) and used in Assisted Living Administration and Management: Effective Practices and Model Programs in Elder Care, Second Edition, the book reflects the type of questions seen on the state and national exams. Answers and brief rationales have been provided in a final chapter organized according to the five domains of practice or knowledge areas of responsibility - Organizational Management, Human Resources Management, Business and Financial Management, Environmental Management, and Resident Care Management. Written by certified assisted living administrators and licensed health professionals and featuring questions relevant to all state-based exams, this is the authoritative study guide for anyone seeking professional certification/licensure in this growing line of service. The review begins with a comprehensive introduction to the current professional landscape of residential care and assisted living administration in addition to coverage of the different certification and licensure programs available. The following domain-based chapters feature multiple-choice, single-best answer questions, covering all core knowledge areas of responsibility that one is likely to see when taking state or national exams. Containing over 300 practice questions with rationales to encourage self-assessment and further learning, this is a must-have resource for students and professionals seeking RC/AL administrator certification or licensure. Key Features: Over 300 multiple-choice, single-best answer questions with answers and rationales Prepares students to study for Residential Care/Assisted Living (RC/AL) administrator certification and licensure exams administered at the state or national level Organized according to five domains of practice - Organizational Management, Human Resources Management, Business and Financial Management, Environmental Management, and Resident Care Management Written by certified assisted living administrators and licensed health professionals Purchase includes digital access for use on most mobile devices or computers

Named a 2013 Doody's Essential Purchase! "Since there are few books available on this topic that are this comprehensive and well-organized, this book should be of value to anyone interested in the topic of assisted living facilities in the U.S." Score: 98, 5 stars.óDoody's Medical Reviews "This book is much needed. It offers a practical approach to key issues in the management of an assisted living facility... It is especially pleasing to see the long needed

Long-Term Care, Fourth Edition is an ideal introduction to management in this industry. Adopted as a reference for the national licensing examination prepared by the National Association of Long-Term Care Administrator Boards, this book covers the full continuum of long-term care.

Sixth Edition Named a 2013 Doody's Essential Purchase! A detailed road map of essential knowledge for obtaining licensure and employment as a nursing home administrator, the Seventh Edition of this classic text is updated to reflect the 2014 National Association of Boards of Examiners of Nursing Home Administrators (NAB) Domains of Practice. With more than 50 new topics, it comprehensively addresses all new regulations for managing a nursing facility along with a detailed overview of the skills and knowledge required to be a successful administrator. The Seventh Edition responds to the many changes that have recently occurred in the long-term care field. It provides a completely new Minimum Data Set 3.0 (MDS), 2015 Federal Requirements for Electronic Records, the new International Classification of Diseases, Tenth Revision, Clinical Modification (ICD-10-CM), new Quality Measures, updated Instructions for Making Data as per the Centers for Medicare and Medicaid, the impacts of the Affordable Care Act (ACA), and several new federal regulations. The Seventh Edition clearly describes what nursing home managers do, how they think, and how they lead. It breaks down the art of management into its basic tasksóforecasting, planning, organizing, staffing, directing, controlling quality, innovating, and marketingóand examines them in depth. The text pinpoints all of the separate components of nursing home administrationómanagement, human resources, team dynamics, conflict resolution, finance and business, industry laws and regulations, and patient careóand describes how they fit together to form the coordinated activity set required of a successful nursing home administrator. Abundant real-life case studies, chapter objectives, and critical thinking questions greatly enhance learning. Mastering this text will prepare students to takeóand pass with a depth of understandingóthe nationally required NAB examination. New to the Seventh Edition: 2014 updated NAB Domains of Practice: Management, Human Resources, Finance, Environment, and Resident Care Introduces over 50 new topics including team dynamics, conflict resolution, and basic principles of nursing and social work Vast changes wrought by new technology and patient data New information on safety and disaster preparedness Updates signs and symptoms of abuse, neglect, and exploitation Provides new technology vocabulary Reorganized for quick access to information A completely new Minimum Data Set 3.0 (MDS) 2015 Federal Requirements for Electronic Records International Classification of Diseases, Tenth Revision, Clinical Modification (ICD-10-CM) New quality measures Impacts of the ACA on long-term care Updated tables and figures New federal regulations for quality of care approaches for residents with dementia; additional medication issues; infection control; residents' rights to establish advance directives; and defining unnecessary drugs Key Features: Provides in-depth coverage of all aspects of nursing home administration Includes current data on the field of long-term care Replete with real-life case studies, learning objectives, and critical thinking questions Formatted according to licensing examination and guidelines of the National Association of Boards of Examiners of Nursing Home Administrators Prepares students for the nationally required NAB exam Accompanying Instructor's Manual

Designated a Doody's Core Title! "This is an excellent tool for anyone preparing to take the national licensing exam or a current licensed administrator needing a good review." Score: 93, 4 Stars. --Doody's Medical Reviews This revised and updated study guide is based on the same format as the actual
