Start Now with Social Media: Avoid Beginners' Misteps and Get Great Business Results Fast! Five great boks bring together all the information you need to start profiting right now from social media! Start with Jon Reed's Get Up to Speed with Online Marketing, the concise beginner's guide to promoting small businesses online using every major tool, including websites, search, email, blogging, online video, social networks, and even virtual worlds. Reed doesn't show you how to use each medium; he shows how to make the most of each of them on a limited (or nonexistent) marketing budget! Next, in How to Use Social Media Monitoring Tools, leading social media marketer Jamie Turner offers a fast-paced primer on social media monitoring and realistic, low-cost methods for getting started. Turner briefly introduces many of today's most valuable monitoring tools and presents a practical eight-step social media monitoring plan that can be implemented quickly by virtually any company or marketer. In How to Make Money Marketing Your Business on Facebook, pioneering social media expert Clara Shih summarizes everything you need to know to help your business win in the Facebook Era, from strategy to execution, systems to policies. In How to Make Money Marketing Your Small Business on Twitter, Jamie Turner offers step-by-step techniques for tweeting your way to profits and transforming negative customer tweets into business-building opportunities. Finally, in How to Make Money with Email Marketing, Robert Scott Corbett explains why email is still the 21st century's messaging workhorse, why you need to do serious email marketing—and offers practical tips and steps for getting powerful business results from your email, fast! From world-renowned leaders in social media and online marketing, including Jon Reed, Jamie Turner, Clara Shih, Jamie Turner, and Robert Scott Corbett.

"This course offers current and prospective teachers of English a comprehensive treatment of pronunciation pedagogy, drawing on both current theory and practice. The text provides: - an overview of teaching issues from the perspective of different methodologies and second language acquisition research - innovative teaching techniques - a thorough grounding in the sound system of North American English - insight into how this sound system intersects with spelling, morphology, listening, and discourse - diagnostic tools and assessment measures - suggestions for syllabus design. Discussion questions and exercises encourage teachers to draw on their personal language learning/teaching experience as they assimilate the contents of each chapter. A training cassette offers practice in assessing learners' pronunciation"--Publishers' website.

Book and accompanying video with over six hours of video training—all geared to teach you everything about shooting video with your DSLR With the arrival of high-definition video-enabled DSLR cameras, photographers are faced with an opportunity for creativity and a competitive edge in their field unlike anything they've experienced before. Add to that the expanding demands from a video-hungry audience and it's no longer a matter of if you are going to add video to your repertoire of skills, it's when. Here to guide you in a thorough exploration of the video-making process — from preproduction to post — and to ease your transition from still to motion are four veterans who speak the language of both photography and video fluently. With their clear, instructive approach, they quickly get you up to speed on everything from picking your gear, to properly lighting for motion, to using professional-level audio, color correction, and editing techniques, to media management and outputting, and much more. Here are just a few highlights from this richly illustrated, completely interactive book and video: Explores the entire spectrum of video for DSLR camera owners, with recommendations on gear, planning, lighting, lenses, audio, editing, color correcting, exporting, media management, and more. Covers a wide variety of shooting styles, including indoor, outdoor, studio, portrait, event, and available light. Addresses technical challenges associated with DSLR video, such as camera movement, multiple camera coverage, low-light videography, and synchronized sound. Explores additional creative techniques such as stop motion and timelapse photography in depth. Includes a real-world example of a music video and promo package throughout the book to demonstrate concepts in action, with additional profiles of photography experts in nature, sports, commercial, and weddings and events. The accompanying video contains over 6 hours of video training that delves deeper into each topic, as well as high-definition footage, hands-on project files, and templates to experiment with and follow along. Share your work and communicate with other readers at www.facebook.com/dslrvideo. All of Peachpit's eBooks contain the same content as the print edition. You will find a link in the last few pages of your eBook that directs you to the media files. Helpful tips: If you are able to search the book, search for "Where are the lesson files?" Go to the very last page of the book and scroll backwards. You will need a web-enabled device or computer in order to access the media files that accompany this ebook. Entering the URL, supplied into a computer with web access will allow you to get to the files. Depending on your device, it is possible that your display settings will cut off part of the URL. To make sure this is not the case, try reducing your font size and turning your device to a landscape view. This should cause the full URL to appear.

Producing and Distributing Special Interest Videos is a step-by-step, do-it-yourself guide for successfully producing, selling and marketing videos without a huge financial investment for anyone who has an idea or expertise that they want to showcase in video. Learn how to successfully create and market videos for carefully researched niche markets, for long-term residual income.

"Pass the 50-question Extra Class test; all the exam questions with answer key, for use beginning July 1, 2008 to June 30, 2012; detailed explanations for all questions including FCC rules"--Cover.
