Provides over 1,700 biographies of influential poets writing in English from 1910 to the present day, exploring the influences, inspirations, and movements that have shaped their works and lives.

This volume combines a theoretical critique of the biographical method that dominates Larkin studies with a revolutionary interpretation of his works that better accounts for their profound influence upon leading Postmodernists like Ian McEwan, David Mitchell, Carol Ann Duffy, Damien Hirst - and the creators of Jerry Springer - the Opera .

Philip Larkin is one of the finest English poets of our time. His poetic personality - nostalgic, wry, melancholy, ironic, witty and haunting - has appealed to a far wider audience than that of literary specialists, while also winning the respect of leading critics and fellow poets. Lerner's study relates poetry to Larkin's life, and to the literary and social environment of post-war Britain; discusses the Larkin persona, and Larkin's relation to literary criticism; and above all seeks to guide readers to a full appreciation of the power and subtlety of Larkin's best poems.

Fascinating look at the challenges faced by John F. Kennedy and Barack Obama in their quests to win the presidency.

The author explores Larkin's poetry, novels, essays and jazz criticism. She shows his transition from novelist to poet, tracing the symbolist aspect of his work in the depiction of nature and addressing the influence of Hardy and Yeats on his poetic style. She looks at Larkin's celebration of England; his exasperation over 'difficulties with girls' and to his poetic use of coarse language in complaining about life's innumerable irritations. She also discusses the fury he expresses as he contemplates death.

Behold the 300 Ugliest Words in the English Language! J. R. R. Tolkien once said that cellar door is the most beautiful phrase in the English language; since then it has received quite a bit of attention from poets and linguists. But what of the ugly words? This delightfully humorous volume celebrates the words that make people gag and cover their ears. Too long have these atrocious utterances gone unrecognized, nay, shunned from society. No longer! The Illustrated Compendium of Ugly English Words pays homage to the 300 worst words in existence, such as: Amazeballs (noun): The public's opinion on this word can be perfectly encapsulated by a recent Slate article titled "Who coined amazeballs and why do they hate humanity?" Chunky (adjective): Chunky (meaning "lumpy") is a word so vile, it can make even the most pleasant image sound disgusting. Let's try. Chunky flower. Chunky chocolate milk. Chunky Jonathan Van Ness. See? Moist (adjective): Slightly or moderately wet; damp; the linguistic equivalent of stepping in a lukewarm puddle in socks and feeling the water ooze between your toes with every step thereafter. Rural (adjective): Meaning "of the countryside," rural's definition is not actually gross. Its foulness stems more from its pronunciation, which forces the speaker to make a noise akin to the grunt of a zombie. Worm (noun): Any type of burrowing, elongated invertebrate with a soft, limbless body. (Is that a description of a real creature or a monster from a nightmare video game? Hard to say.) What makes these words ugly? It's the nature of the word's meaning, the pre-existing association the reader has with the word, or the sound and look of the word! or all three! The Illustrated Compendium of Ugly English Words catalogues the ugliness from A to Z, along with each word's pronunciation guide, definition, and origin, plus quotes demonstrating usage. Illustrations on nearly every page of this hardcover make it both a hilarious reference book and the ideal gift for anyone who can't stand the sound of words like acrid, panties, gubernatorial, ointment, and squirt. More than anything, though, this compendium can be used as a reminder that, despite all of our differences, deep down we all share the same hopes, the same dreams, and the same primal hatred for the terms that make us go, "Ugh, why would you even say that?" Proceed at your own risk!
