## OVERLANDING IN INDIANA? WHERE TO GO? | OVERLAND BOUND ...

The Oregon Trail was a 2,170-mile (3,490 km) east-west, large-wheeled wagon route and emigrant trail in the United States that connected the Missouri River to valleys in Oregon. The eastern part of the Oregon Trail spanned part of what is now the state of Kansas and nearly all of what are now the states of Nebraska and Wyoming. The western half of the trail spanned most of the current states of ...

group was the first true emigrant train to cross South Pass. If the memories of these men has dimmed, the road they followed has not, for the route is one of the most famous in the history of human migration-the Oregon Trail. Saleratus & Sagebrush chronicles the journeys of these and many other emigrants on the trails west. Robert Munkres relates the stories about the famous and indispensable Fort Bridger and Fort Laramie, the fork in the road at Soda Springs, women's lives on the trail, the family dog, and tales of Indians, friendly and not-so-friendly are richly enhanced by photographs and several reproductions of works by William Henry Jackson.

Transcription of a diary of an overland trip from Logansport, Indiana to western Oregon in 1851. The party included members of the Spong and Darrough families. Materials include introduction and historical

Wallace Stegner called South Pass “ one of the most deceptive and impressive places in the West. ” Nowhere can travelers cross the Rockies so easily as through this high, treeless valley in Wyoming immediately south of the Wind River Mountains. South Pass has received much attention in lore and memory but attracted no serious book-length study—until now. In this narrative, award-winning author Will Bagley explains the significance of South Pass to the nation ’ s history and to the development of the American West. Fur traders first saw South Pass in 1812. From the early 1840s until the completion of the Union Pacific and Central Pacific Railroads almost forty years later, emigrants on the Oregon, California, and Mormon Trails used South Pass in transforming the American West in a single

## Read Free Overland From Indiana To Oregon The Dinwiddie Journal

generation. Bagley traces the peopling of the region by the earliest inhabitants and adventurers, including Indian peoples, trappers and fur traders, missionaries, and government-commissioned explorers. Later, California gold rushers, Latter-day Saints, and families seeking new lives went through this singular gap in the Rockies. Without South Pass, overland wagons beginning their journey far to the east along the Missouri River could not have reached their destinations in a single season, and western settlement might have been delayed for decades. The story of South Pass offers a rich history. The Overland Stage, Pony Express, and first transcontinental telegraph all came through the region. Nearly a century later, President Dwight D. Eisenhower designated South Pass as one of America ' s first National Historic Landmarks. An American place so rich in historical significance, Bagley argues, deserves the best of historical preservation efforts.

## Read Free Overland From Indiana To Oregon The Dinwiddie Journal

During the mid-nineteenth century, a quarter of a million travelers—men, women, and children—followed the “ road across the plains ” to gold rush California. This magnificent chronicle—the second installment of Will Bagley ’ s sweeping Overland West series—captures the danger, excitement, and heartbreak of America ’ s first great rush for riches and its enduring consequences. With narrative scope and detail unmatched by earlier histories, *With Golden Visions Bright Before Them* retells this classic American saga through the voices of the people whose eyewitness testimonies vividly evoke the most dramatic era of westward migration. Traditional histories of the overland roads paint the gold rush migration as a heroic epic of progress that opened new lands and a continental treasure house for the advancement of civilization. Yet, according to Bagley, the

## Read Free Overland From Indiana To Oregon The Dinwiddie Journal

transformation of the American West during this period is more complex and contentious than legend pretends. The gold rush epoch witnessed untold suffering and sacrifice, and the trails and their trials were enough to make many people turn back. For America ' s Native peoples, the effect of the massive migration was no less than ruinous. The impact that tens of thousands of intruders had on Native peoples and their homelands is at the center of this story, not on its margins. Beautifully written and richly illustrated with photographs and maps, *With Golden Visions Bright Before Them* continues the saga that began with Bagley ' s highly acclaimed, award-winning *So Rugged and Mountainous: Blazing the Trails to Oregon and California, 1812 – 1848*, hailed by critics as a classic of western history.
