how to apply the California income tax law to taxpayer situations. The author, Kathleen Wright, is a well-known California practitioner, CPE presenter and Professor at California State University at Fullerton. This annually-published resource is thoroughly tested and modified by classroom, CPE and consulting use feedback. The book describes and reflects new income tax developments, with an in-depth focus on the problem of conformity. California Income Tax Manual is presented in easy-to-read and easy-to-understand language and it focuses on

Enterprises have to adapt their business processes quickly and efficiently to new business environments to ensure business success and long term survival. It is not sufficient to apply best business practices but new practices have to be developed and executed. These requirements are met by new business process automation technologies, based on concepts like web services, EAI, workflow, enterprise service
