A brave mouse, a covetous rat, a wishful serving girl, and a princess named Pea come together in Kate DiCamillo's Newbery Medal–winning tale. Welcome to the story of Despereaux Tilling, a mouse who is in love with music, stories, and a princess named Pea. It is also the story of a rat called Roscuro, who lives in the darkness and covets a world filled with light. And it is the story of Miggery Sow, a slow-witted serving girl who harbors a simple, impossible wish. These three characters are about to embark on a journey that will lead them down into a horrible dungeon, up into a glittering castle, and, ultimately, into each other's lives. What happens then? As Kate DiCamillo would say: Reader, it is your destiny to find out. With black-and-white illustrations and a refreshed cover by Timothy Basil Ering.

Holocaust Denial. The Politics of Perfidy provides a graphic and compelling global panorama of past and present variations on this toxic phenomenon. The volume examines right and left wing French negationism, post-Communist Holocaust deniers in Eastern-Europe, the spread of denial to Australia, Canada, South-Africa and even to Japan. Leading scholarly experts also explore the close connection between Holocaust denial, global conspiracy theories, antisemitism and radical anti-Zionism – especially in Iran and the Arab world.

The New York Times best-selling book exploring the counterproductive reactions white people have when their assumptions about race are challenged, and how these reactions maintain racial inequality. In this “ vital, necessary, and beautiful book ” (Michael Eric Dyson), antiracist educator Robin DiAngelo deftly illuminates the phenomenon of white fragility and “ allows us to understand racism as a practice not restricted to ‘ bad people ’ (Claudia Rankine). Referring to the defensive moves that white people make when challenged racially, white fragility is characterized by emotions such as anger, fear, and guilt, and by behaviors including argumentation and silence. These behaviors, in turn, function to reinstate white racial equilibrium and prevent any meaningful cross-racial dialogue. In this in-depth exploration, DiAngelo examines how white fragility develops, how it protects racial inequality, and what we can do to engage more constructively.

The stunning story of Russia's slide back into a dictatorship-and how the West is now paying the price for allowing it to happen. The ascension of Vladimir Putin-a former lieutenant colonel of the KGB-to the presidency of Russia in 1999 was a strong signal that the country was headed away from democracy. Yet in the intervening years-as America and the world's other leading powers have continued to appease him-Putin has grown not only into a dictator but an internationalthreat. With his vast resources and nuclear arsenal, Putin is at the center of a worldwide assault on political liberty and the modern world order. For Garry Kasparov, none of this is news. He has been a vocal critic of Putin for over a decade, even leading the pro-democracy opposition to him in the farcical 2008 presidential election. Yet years of seeing his Cassandra-like prophecies about Putin's intentions fulfilled have left Kasparov with a darker truth: Putin's Russia, like ISIS or Al Qaeda, defines itself in opposition to the free countries of the world. As Putin has grown ever more powerful, the threat he poses has grown from local to regional and finally to global. In this urgent book, Kasparov shows that the collapse of the Soviet Union was not an endpoint-only a change of seasons, as the Cold War melted into a new spring. But now, after years of complacency and poor judgment, winter is once again upon us. Argued with the force of Kasparov's world-class intelligence, conviction, and hopes for his home country, Winter Is Coming reveals Putin for what he is: an existential danger hiding in plain sight.

Kafka meets the world of Brexit in a bitinglly funny political satire from Ian McEwan That morning, Jim Sams, clever but by no means profound, woke from uneasy dreams to find himself transformed into a gigantic creature. Jim Sams has undergone a metamorphosis. In his previous six-legged existence he was ignored or loathed, but in his new incarnation he has woken up to discover he is the most powerful man in Britain: the Prime Minister. His mission: a nationalist revival, with or without Europe. Nothing must get in his way: not the opposition, nor the dissenters within his own party. Not even the rules of parliamentary democracy. In this bitinglly funny, Kafkaesque satire, Ian McEwan engages with scabrous humour a very recognizable political world and turns it on its head.

NATIONAL BESTSELLER AN NPR BEST BOOK OF THE YEAR It is December 6, 1941. America stands at the brink of World War II. Last hopes for peace are shattered when Japanese squadrons bomb Pearl Harbor. Los Angeles has been a haven for loyal Japanese-Americans—but now, war fever and race hate grip the city and the Japanese internment begins. The hellish murder of a Japanese family summons three men and one woman. William H. Parker is a captain on the Los Angeles Police Department. He's superbly gifted, corrosively ambitious, liquored-up, and consumed by dubious ideology. He is bitterly at odds with Sergeant Dudley Smith—Irish émigré, ex-IRA killer, fledgling war profiteer. Hideo Ashida is a police chemist and the only Japanese on the L.A. cop payroll. Kay Lake is a twenty-one-year-old dilettante looking for adventure. The investigation throws them together and rips them apart. The crime becomes a political storm center that brilliantly illuminates these four driven souls—comrades, rivals, lovers, history's pawns. Perfidia is a novel of astonishments. It is World War II as you have never seen it, and Los Angeles as James Ellroy has never written it before. Here, he gives us the party at the edge of the abyss and the precipice of America's ascendance.Perfidia is that moment, spellbindingly captured. It beckons us to solve a great crime that, in its turn, explicates the crime of war itself. It is a great American novel. From the Hardcover edition.

A soldier in a trench during World War I, with a flag of truce.

An exploration of the Kastner affair: a conspiracy, a violation of conscience, criminal betrayal. Picture those early days when the new nation of Israel was being formed in the region of Palestine European Jews had just endured history ' s ultimate holocaust. Allied governments such as Great Britain had refused to take action to block the trains from carrying thousands of them to certain death. In those final days before the end of the war, the epicenter of the Nazi extermination effort was Hungary. Jews had fled there from Germany and Poland, but they could not outrun the shadow of death. That is the obvious truth, but was there more? Was there collaboration with the enemy that resulted in these murderous acts? Can you really trust governments and leaders to do what is right and best for those they represent? As Edmund Burke declared, "The only thing necessary for the triumph of evil is for good men to do nothing." But what happens when those who are trusted as good join forces with evil? Underlying this story is a bizarre tapestry of deception at the highest levels of government with the lives of many innocents in the balance. The libel trial of Rudolf Kastner, a prominent journalist representing the new government and supported by its Prime Minister David Ben Gurion, establishes the outline of that hidden past, protected by the political interests of some of Israel ' s early leaders. A true classic...History that reads like a mystery novel when villains parade themselves as heroes and the real heroes are targets of evil.-Print ed. Includes 204 photos, plans and maps illustrating The Holocaust

A soldier in a trench during World War I, with a flag of truce.

The Socratic dialogue in this book discusses life & death with reference to the prominent suicides of so-called " successful people ". The narrative presents classical & modern philosophies, Judeo-Islamo-Christian & Eastern theologies, secular psychology, and world history in simple easy-to-read language.
• The philosophical study deeply investigates the plausibility of atheism through an exploration of existentialism, nihilism, Marxism, bad faith, and the problem of evil.
• The theological study is a comparative analysis of Judeo-Islamo-Christian & Eastern theologies with regards to modern spirituality, hypocrisy, basis for faith, mysticism, and martyrdom.
• The psychological study explores Freud ' s focus on pleasure & sexuality, Adler ' s focus on power & dominance, Frankl ' s focus on suffering & meaning, and Jung ' s focus on self-actualization.
• The historical study investigates various topics in social history, the histories of the three Abrahamic civilizations (Judaism, Christianity, and Islam), and the history of Marxism.
