The textbooks can be customized using Flat World's "build-a-book" platform which puts educators in control of the textbook. Educators can drag-and-drop chapters into a new table of contents that fits the course syllabus, add or delete chapters, paragraphs, sentences, examples and more. When teachers are done, a special URL is created specifically for the textbook. The book is then freely accessible to students online.

Effective textbook reading is a key study skill for student success. Nearly every class makes you read them. 'Makes' is the right word here. 'Requires,' 'forces,' or 'insists' will also work. Few people read textbooks unless they have to. If you read textbooks for fun, shoot me an email. I need to interview you, because I don't think you exist. Reading textbooks is weird. That's right - weird ...
