Best-selling and award-winning author Margaret Peterson Haddix delivered an instant classic when she launched her Missing series. Two books ago, a plane landed with no pilot and no adults—and a passenger load of 36 infants. Years later, teens were shocked when clues began to turn up about just what it meant to be one of " the missing. "

In this exciting sequel to Found, Jonah, Katherine, Alex and Chip are convinced by JB that they must travel back in time to 1483 to fix history by preventing a murderous plot against the young princes in order for disaster to be averted in the present day.

An unscheduled aeroplane arrives on the tarmac at a small Midwestern airport. All attempts to reach those onboard fail. Only when an official boards the plane is the reason for this clear...it is full of babies. The mystery of this flight remains for over a decade. Until Jonah, Katherine and Chip start to question their roots. Shortly after this the letters begin: You are one of the missing ; Beware! They are coming back to get you.

Jonah, thirteen, and Katherine, eleven, travel through time to 1918 Russia just as Alexei, Anastasia, and the rest of Tsar Nicholas II's family is about to be executed.

After returning the missing children from history to their original time periods, thirteen-year-old Jonah must save time itself when aviator Charles Lindbergh mysteriously appears and kidnaps Jonah's sister.

After helping Chip and Alex survive 15th-century London, Jonah and Katherine are summoned to help another missing child, Andrea, face her fate. Andrea is really Virginia Dare, from the Lost Colony of Roanoke. Jonah and Katherine are confident in their ability to help Andrea fix history, but when their journey goes dangerously awry, they realize that they may be in over their heads: They ' ve landed in the wrong time period. Andrea doesn ' t seem that interested in leaving the past. And even worse, it appears that someone has deliberately sabotaged their mission...

When Jonah and Katherine travel to early 1900s Switzerland and Serbia to return Albert Einstein's daughter, Lieserl, to history, her mother Mileva grasps entirely too much about time travel and has no intention of letting her daughter go.

Time travelers Jonah and Katherine arrive in 1611 to rescue John Hudson, son of the explorer Henry Hudson, but soon Jonah and Katherine's knowledge of history is tested once again, and they fear that more is at stake than just one boy's life.

Thirteen-year-old Jonah has always known that he was adopted, and he's never thought it was a big deal. Then he and a neighbor, Chip, who finds out he's also adopted, begin receiving mysterious letters, saying things such as: "You are one of the missing," and, "Beware! They're coming back to get you." Jonah, Chip, and Jonah's little sister Katherine are plunged into a mystery that involves the FBI, a vast smuggling operation, an airplane that appeared out of nowhere—and people who seem to disappear and reappear at will...and make a staggering discovery: Jonah and Chip, and some other kids are actually the missing children from history, stolen for profit by time travelers. Now, they are caught in a battle between two opposing forces that want very different things for them—and their choices will determine the course of their own lives, and the lives of their friends. Get the first four riveting books in Margaret Peterson Haddix's New York Times bestselling series The Missing, now available at one great price!

Jonah was able to save all of time from collapsing but in doing so gained a twin brother, Jordan, who must learn what has happened and do his own part to save time—and his parents.
