Finally, we should not think that the tiger shark is the ultimate predator found at Cocos. In 2014, Edwar, a dive guide from the same liveaboard, along with others, recorded video of a large tiger shark being attacked and killed by an orca. It's nature, red in tooth and jaw!

"Wild New Jersey brings the reader on a real-life safari through the Garden State's wildlife and natural wonders."-Tom Gilmore, President, New Jersey Audubon Society "Once you read this book, don't be surprised if you find yourself going straight to the nearest outdoor adventure, whether it be boating and birding the Meadowlands, hiking the Appalachian Trail, or exploring the Pinelands."-Captain Bill Sheehan, Hackensack Riverkeeper "What is wonderful about this book is it shows we still have wild places left even in the middle of our state's most developed urban areas. This book captures why we must preserve what's left of nature in New Jersey-and it reads like page-turner you can't put down."-Jeff Tittel, Director, New Jersey Sierra Club "Full of exciting tales about New Jersey, from the crowded urban areas to the most remote places of the state."-Joanna Burger, author of *A Naturalist Along the New Jersey Shore* The fastest animal on earth dive-bombs him from the skies. A young black bear bounds up a mountain trail a few yards away. Poisonous snakes swirl at his feet. A thousands bats careen past his head in a pitch-black roost. Pods of dolphins swim right past him by the scores. Who? Experienced naturalist David Wheeler. Where? Inside the pages of *Wild New Jersey*, of course. Count on this to be the first nature book to paint the extraordinary picture of New Jersey's unlikely wilderness in all its glory.

Based on true events! It's the summer of 1916 and the Jersey shore is being terrorized by a Great White shark. Can 10-year-old Chet and his friends survive a swim in the local creek? In the summer of 1916, ten year-old Chet Roscow is captivated by the local news: a Great White shark has been attacking and killing people up and down the Atlantic Coast, not far from Chet's hometown of Springfield, New Jersey. Then one day, swimming with his friends, Chet sees something in the water. . .

They say Bethany Hamilton has saltwater in her veins. How else could one explain the tremendous passion that drives her to surf? How else could one explain that nothing - not even the loss of her arm in a horrific shark attack - could come between her and the waves? That Halloween morning in Kauai, Hawaii Bethany responded to the shark's stealth with a calmness beyond belief. Pushing pain and panic aside, she immediately thought: 'Get to the beach...' Rushed to the hospital, where her father, Ted Hamilton, was about to undergo knee surgery, Bethany found herself taking his spot in the operating theatre. When the first thing Bethany wanted to know after surgery was 'When can I surf again?' it became clear that her unfaltering spirit and determination were part of a greater story - a tale of courage and faith that this modest and soft-spoken girl would come to share with the world.

Through colorful photographs and firsthand narrative detail, *Picturing Las Vegas* tells the story of a city whose history mirrors that of America itself: a tale of the frontier, of corruption and greed, of beauty and

loss and ineffable hope. From its hardscrabble origins, to the Golden Age of the Rat Pack, to today's mind-blowing theme-park casinos, Las Vegas is the city that has it all. Mobsters. Mormons. Elvis and Wayne Newton, Siegfried and Roy. It's a place where change is the one constant, and where the pursuit of happiness is the only law. In the words of writer Chuck Palahniuk, it's the place that "looks the way you'd imagine heaven must look at night." Linda Chase is the author of *Surfing Women of the Waves* and grew up in Las Vegas. She lives in California. Explores the fascinating story of Sin City, from its origins as a desert outpost to today's eye-popping fantasyland

The first volume in Hunter S. Thompson's bestselling *Gonzo Papers* offers brilliant commentary and outrageous humor, in his signature style. Originally published in 1979, the first volume of the bestselling "Gonzo Papers" is now back in print. *The Great Shark Hunt* is Dr. Hunter S. Thompson's largest and, arguably, most important work, covering Nixon to napalm, Las Vegas to Watergate, Carter to cocaine. These essays offer brilliant commentary and outrageous humor, in signature Thompson style. Ranging in date from the *National Observer* days to the era of *Rolling Stone*, *The Great Shark Hunt* offers myriad, highly charged entries, including the first Hunter S. Thompson piece to be dubbed "gonzo"—"The Kentucky Derby Is Decadent and Depraved," which appeared in *Scanlan's Monthly* in 1970. From this essay a new journalistic movement sprang which would change the shape of American letters. Thompson's razor-sharp insight and crystal clarity capture the crazy, hypocritical, degenerate, and redeeming aspects of the explosive and colorful '60s and '70s.

This level 2, elementary Penguin Reader contains 500 words and tells the story of Amity, a quiet town near New York, that gets terrorized by a great white shark. Policeman Brody is a good policeman and tries to close the beaches, but people won't listen to him.
