Strategic Compensation in Canada, Fourth Edition by Richard Long is part of the market-leading Nelson Human Resource Management Series. This text provides a systematic framework for identifying and designing the compensation system that will add the most value to an organization. This text balances and integrates the strategic, behavioural and technical principles with content that is based on a foundation of scientific research, relevant theories and verified by actual organizational experiences. Student's learning can be further enhanced by the accompanying Strategic Compensation: A Simulation 4th edition, which provides students with the opportunity to design an entire compensation system, right from strategy formulation to implementation of the new pay structure, complete with market-based actual dollars attached to the pay ranges. This simulation has been specifically designed by its authors (Richard Long and Henry Ravichaner) to utilize all the steps along the road map to effective compensation, as described in the Strategic Compensation in Canada text.

Strategic Compensation in Canada Student Simulation Manual provides students with the opportunity to design an entire compensation system, right from strategy formulation to implementation of the new pay structure, complete with market-based

actual dollars attached to the pay ranges. This simulation has been specifically designed by its authors (Richard Long and Henry Ravichaner) to utilize all the steps along the road map to effective compensation, as described in the Strategic Compensation in Canada text.

Takeovers: A Strategic Guide to Mergers and Acquisitions

Make human resources work for you. STRATEGIC HUMAN RESOURCE MANAGEMENT shows you how through its unique system of concept integration. Most human resources textbooks give you the theories without showing you the connections to real life. This textbook lets you see both sides of human resources: the theory and the application. That way, you will not only get a great grade in class, you will be on your way to success after college as well. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Law of the Internet, Fourth Edition is a two-volume up-to-date legal resource covering electronic commerce and online contracts, privacy and network security, intellectual property and online content management, secure electronic transactions, cryptography, and digital signatures, protecting intellectual property online through link licenses, frame control and other methods, online financial services and securities transactions, antitrust and other liability. The Law of the Internet, Fourth Edition quickly and easily gives you everything you need to provide expert counsel on: Privacy laws and the Internet Ensuring secure electronic transactions, cryptography, and digital signatures Protecting intellectual property online - patents, trademarks, and copyright Electronic commerce and contracting Online financial services and electronic payments Antitrust issues, including pricing, bundling and tying Internal network security Taxation of electronic commerce Jurisdiction in Cyberspace Defamation and the Internet Obscene and indecent materials on the Internet Regulation of Internet access and interoperability The authors George B. Delta and Jeffrey H. Matsuura -- two Internet legal experts who advise America's top high-tech companies -- demonstrate exactly how courts, legislators and treaties expand traditional law into the new context of the Internet and its commercial applications, with all the citations you'll need. The Law of the Internet also brings you up to date on all of the recent legal, commercial, and technical issues surrounding the Internet and provides you with the knowledge to thrive in the digital marketplace. Special features of this two-volume resource include timesaving checklists and references to online resources.

Human Resource Management addresses the challenges faced by human resource managers, integrating traditional theory with real-world strategy to equip students with the knowledge, perspective, and skills they need to thrive in the ever-changing global business environment. Presented in a clear and relatable style, this text emphasizes how effective human resource management and strategic planning work in concert to allow organizations to achieve maximum success. The focus on practical application illustrates the essential link between strategic planning and

implementation, providing an inside look at how real-world companies increase effectiveness through world-class human resources management practices. A wealth of case studies, discussion topics, and exercises reinforce key concepts, strengthening students' ability to think strategically and integrate core HR management principles into the decision-making process. By mirroring the current landscape's increased reliance on smart people-management strategy, this text underscores the importance of HR management in attracting and retaining the top talent that drives an organization forward.
