### The Acquirer's Multiple – Background

Many people have heard of the infamous Magic Formula documented by Joel Greenblatt in his book “The Little Book That Beats the Market” which is a direct quantitative value investment model in ranking stocks by price and ROIC. In a similar nature, The Acquirer's Multiple founded by Tobias Carlisle is a valuation technique, combining both value + quality in order to find the top 30 most attractive takeover ...

The economic climate is ripe for another golden age of shareholder activism Deep Value: Why Activist Investors and Other Contrarians Battle for Control of Losing Corporations is a must-read exploration of deep value investment strategy, describing the evolution of the theories of valuation

# Download Ebook The Acquirers Multiple How The

and shareholder activism from Graham to Icahn and beyond. The book combines engaging anecdotes with industry research to illustrate the principles and methods of this complex strategy, and explains the reasoning behind seemingly incomprehensible activist maneuvers. Written by an active value investor, Deep Value provides an insider's perspective on shareholder activist strategies in a format accessible to both professional investors and laypeople. The Deep Value investment philosophy as described by Graham initially identified targets by their discount to liquidation value. This approach was extremely effective, but those opportunities are few and far between in the modern market, forcing activists to adapt. Current activists assess value from a much broader palate, and exploit a

# Download Ebook The Acquirers Multiple How The

much wider range of tools to achieve their goals. Deep Value enumerates and expands upon the resources and strategies available to value investors today, and describes how the economic climate is allowing value investing to re-emerge. Topics include: Target identification, and determining the most advantageous ends Strategies and tactics of effective activism Unseating management and fomenting change Eyeing conditions for the next M&A boom Activist hedge funds have been quiet since the early 2000s, but economic conditions, shareholder sentiment, and available opportunities are creating a fertile environment for another golden age of activism. Deep Value: Why Activist Investors and Other Contrarians Battle for Control of Losing Corporations provides the in-depth information

# Download Ebook The Acquirers Multiple How The investors need to get up to speed before getting left behind.

Legendary investment gurus Warren Buffett and Ed Thorp represent different ends of the investing spectrum: one a value investor, the other a quant. While Buffett and Thorp have conflicting philosophical approaches, they agree that the market is beatable. In *Quantitative Value*, Wesley Gray and Tobias Carlisle take the best aspects from the disciplines of value investing and quantitative investing and apply them to a completely unique and winning approach to stock selection. As the authors explain, the quantitative value strategy offers a superior way to invest: capturing the benefits of a value investing philosophy without the behavioral errors associated with

# Download Ebook The Acquirers Multiple How The

"stock picking." To demystify their innovative approach, Gray and Carlisle outline the framework for quantitative value investing, including the four key elements of the investment process: How to avoid stocks that can cause a permanent loss of capital: Learn how to uncover financial statement manipulation, fraud, and financial distress How to find stocks with the highest quality: Discover how to find strong economic franchises and robust financial strength. Gray and Carlisle look at long-term returns on capital and assets, free cash flow, and a variety of metrics related to margins and general financial strength The secret to finding deeply undervalued stocks: Does the price-to-earnings ratio find undervalued stocks better than free cash flow? Gray and Carlisle examine the historical data on over 50

# Download Ebook The Acquirers Multiple How The

valuation ratios, including some unusual metrics, rare multi-year averages, and uncommon combinations The five signals sent by smart money: The book uncovers the signals sent by insiders, short sellers, shareholder activists, and institutional investment managers After detailing the quantitative value investment process, Gray and Carlisle conduct a historical test of the resulting quantitative value model. Their conclusions are surprising and counterintuitive. This reliable resource includes a companion website that offers a monthly-updated screening tool to find stocks using the model outlined in the book, an updated back-testing tool, and a blog about recent developments in quantitative value investing. For any investor who wants to make the most of their time in

Let the market come to you Deep Value Investing by Jeroen Bos is an incredibly candid and revealing guide to the secrets of deep value investment. Written by an investor with a long and remarkable track record, it shares for the first time the ins and outs of finding high-potential undervalued stocks before anyone else. Deep value investing means finding companies that are genuine bargains that can pay back phenomenally over the long term. They are firms so cheap that even if they were to close tomorrow their assets would pay you out at a profit. But if they can turn things around, the rewards will be many times greater ...

These were the favourite shares of Benjamin Graham, author of 'The Intelligent Investor'. Inspired by Graham's classic and with a long history of discovering these great value stocks - sometimes known as 'bargain issues' or 'netnets' - author and investor Jeroen Bos reveals: - how to use only publicly available information to discover these shares and filter the gold from the dross - everything he did when analysing, purchasing, monitoring and selling more than ten recent successful deep value investments - the complete philosophy behind deep value investing, and the ins and outs of this strategy in practice - what can go wrong and how to minimise the chances of it happening to you. Deep value investing has a better track record than almost any other approach

# Download Ebook The Acquirers Multiple How The

to the market. Even better, it doesn't require minute and technical knowledge of a company, nor is it fixated on earnings or often-unreliable future projections. It's all about the balance sheet and patience. This makes it the perfect investing approach for those who want to see phenomenal stock market returns without wasting time or commission costs.

There are many ways to make money in today's market, but the one strategy that has truly proven itself over the years is value investing. Now, with *The Little Book of Value Investing*, Christopher Browne shows you how to use this wealth-building strategy to successfully buy bargain stocks around the world.

What happens when a young Wall Street investment banker spends a small fortune to have lunch with Warren Buffett? He becomes a real value investor. In this fascinating inside story, Guy Spier details his career from Harvard MBA to hedge fund manager. But the path was not so straightforward. Spier reveals his transformation from a Gordon Gekko wannabe, driven by greed, to a sophisticated investor who enjoys success without selling his soul to the highest bidder. Spier's journey is similar to the thousands that flock to Wall Street every year with their shiny new diplomas, aiming to be King of Wall Street. Yet what Guy realized just in the nick of time was that the King really lived 1,500 miles away in Omaha, Nebraska. Spier determinedly set out to create a new career in his

# Download Ebook The Acquirers Multiple How The

own way. Along the way he learned some powerful lessons which include: why the right mentors and partners are critical to long term success on Wall Street; why a topnotch education can sometimes get in the way of your success; that real learning doesn't begin until you are on your own; and how the best lessons from Warren Buffett have less to do with investing and more to do with being true to yourself. Spier also reveals some of his own winning investment strategies, detailing deals that were winners but also what he learned from deals that went south. Part memoir, part Wall Street advice, and part how-to, Guy Spier takes readers on a ride through Wall Street but more importantly provides those that want to take a different path with the insight, guidance, and inspiration they need to

Billions of Dollars of growth companies that are poised for growth but have fallen out of the spotlight.

Shows you how to investigate companies and identify opportunities Includes detailed discussions of competitive advantage, purchase value, return on invested capital, and debt levels Presents several case studies to examine companies that have overcome obstacles by trading around their 52-week lows The 52-Week Low Formula is a must-read for investors and financial advisors who want to break through conventional strategies and avoid common mistakes.

IN 1975, legendary value investor Benjamin Graham wrote that his net-net stock strategy worked so well that he had renounced all other value investing strategies. In his 2014

# Download Ebook The Acquirers Multiple How The

shareholder letter, Warren Buffett wrote that he earned the highest returns of his career employing this 'cigar butt' approach to investing. And despite the widespread assumption that net-net stocks are a relic of the past, Graham's net-net stock strategy is just as viable today for small private investors as it was for Buffett's 'superinvestors' during their early careers. Net-net investing remains the most powerful value investing approach a small investor can adopt. This book is your ultimate practical guide to implementing it – and reaping the rewards – in today's markets. Evan Bleker has spent ten years studying Graham's strategy to uncover its real-world performance, how to employ it, and why it works. He's also dug deeply to identify additional criteria to boost returns and
