An extraordinary book of out-of-the-ordinary transports. A bit long, and the very light print is not conducive to lengthy reading sessions. Speaking as a booklover, I think this is a pity.

In 1995, Vianna Stibal, a mother of three young children, was diagnosed with a cancer that was quickly destroying her right femur. Everything she had tried using conventional and alternative medicine had failed, until she employed a simple technique that she used in her work as an intuitive reader. Amazed that she had cured herself instantaneously, Vianna started to use this technique in her sessions with clients and saw person after person miraculously heal. ThetaHealing is essentially applied quantum physics. Using a theta brain wave, which until now was believed to be accessible only in deep sleep or yogi-level meditation, the practitioner is able to connect with the energy of All That Is - the energy in everything - to identify issues with and witness healings on the physical body, and to identify and change limiting beliefs. Discover: the belief and feeling work that can instantly change the thinking within you that creates illness; the 7 Planes of Existence, a concept that allows you to connect to the highest level of love and energy of All That Is; how to develop the ability to change on all levels: physically, mentally, emotionally and spiritually, using the Creator of All That Is.

ThetaHealing is an energy healing modality founded by Vianna Stibal. Based in Idaho Falls, Idaho. ThetaHealing has certified instructors and practitioners around the world. The classes and books of TheataHealing are designed as a self-help guide to connect to our ability to heal using the Theta brainwave.

Essential ThetaHealing® handbook for practitioners explaining how we can connect with the Creator for spiritual elevation. When we enter a theta brain state, we can connect to the Creator of All That Is. Discover how to improve this connection to achieve deep inner healing. Founded by Vianna Stibal, ThetaHealing® is a powerful healing modality through which we can change limiting beliefs to receive deep emotional and physical healing. While in the Theta state, we're able to connect with the divine energy that flows through all things: The Creator of All That Is. Vianna is often asked: "How do I know I'm connected to the Creator, or if it's just my own thoughts?" The true answer is that to know the difference between your thoughts and divine inspiration, you must first understand yourself. This in-depth guide for ThetaHealing practitioners will teach you how to experience knowing yourself on an intimate level, so you can recognize this difference and establish clear and enlightened communication with the Creator. Vianna shares powerful teachings, downloads, exercises, and her own experiences to illustrate how to recognize the belief systems, inner aspects, and subconscious selves preventing you from fully bonding with the energy of the Creator, and how to navigate and understand your own mind. The Creator always communicates from a place of pure, perfect love, and Vianna details a powerful road map for experiencing and strengthening this connection, so that you too can become limitless.

In her first book, Vianna Stibal, the creator of ThetaHealing, introduced this amazing technique to the world. Based on thousands of sessions with clients who have experienced remarkable healings with Vianna, this comprehensive follow-up is an in-depth exploration of the work and processes central to ThetaHealing. As you read, you will learn about Feeling, Belief, and Digging Work; and also be given information on the 7 Planes of Existence, which allow you to connect to the highest level of love and energy of All That IS. This is advanced energy healing that will enable you to enhance your life physically, emotionally, and spiritually!

Learn how to access the deepest layers of your subconscious thinking to identify and correct limiting beliefs and enable life-changing physical and emotional healing. ThetaHealing® is a revolutionary healing modality, devised by Vianna Stibal, that taps into the brain's Theta waves to enable deep emotional and physical healing by changing our limiting beliefs. Yet often, we are afraid of digging to the deepest layers of our subconscious thinking, and instead gloss over them with new positive affirmations, or downloads; but they do not replace the deeply transformative work of exploring, understanding and correcting beliefs that were instilled in this life and past lives. This is the principle of digging for beliefs. In this essential book for any student of ThetaHealing, you'll learn: · the five vital steps of digging for beliefs · how to identify core beliefs and the 10 different approaches to change them · when it's appropriate to erase a belief, and when to use it as a springboard for positive change · common mistakes made in digging work and how to avoid them in your own practice With examples from Vianna's workshops, you'll soon be equipped with the right tools to dig for beliefs and enable deep, life-changing healing for yourself and others.

The perfect reference tool for those already familiar with the step-by-step processes of ThetaHealing, ThetaHealing Diseases and Disorders contains all of the Programs, Belief Systems, intuitive insights, remedies and supplements that Vianna has found to be of value for certain diseases and disorders, based on experience of over 47,000 sessions with clients. Alphabetised for quick reference, this book addresses an extensive and varied list of ailments and points the way to a revolutionary path of healing. With growing scientific evidence that toxic emotions can contribute to disease, and increased awareness that emotions, feelings and the power of thought have a direct bearing upon our physical health, more and more people are now realising that changing how their minds influence their bodies can be of huge value in creating optimum health. This book represents a valuable contribution to the new paradigm that is emerging in the world of healing, and an attainable miracle for your life.

First developed twenty years ago by Vianna Stibal, ThetaHealing is essentially applied quantum physics. Using a theta brain wave, which until now was believed to be accessible only in deep sleep or yogi-level meditation, the practitioner is able to connect with the energy of All That Is - the energy in everything - to witness healings of the physical body, and to identify and change limiting beliefs. This book is for those who have already started to experience the magic of this energy healing modality, and wish to deepen their understanding of the Seven Planes of Existence- the philosophy behind the creation of ThetaHealing. Vianna presents exciting new information to help you take your skill with this work to the next level, and brings the reader into dimensions that she believes to be the beginnings of life itself, on a journey that leads outward, past the universe, to transform beliefs, showing that with a theta state of mind it is possible to connect to a Divine Energy before it becomes anything in this universe.

Written by the creator of ThetaHealing®, Vianna Stibal, this is more than just a weight loss book! It is about finding a real rhythm for your mind, body and spirit, while tapping into your inner beauty and love for yourself. ThetaHealing began when Vianna realised that she could teach other people the method that she used to heal herself from a serious health condition. It is now famous for being one of the most powerful energy-healing techniques in the world. Now, for the first time, Vianna has compiled a book that demonstrates how to use ThetaHealing for weight loss and reveal a strong, healthy and beautiful body which you love! Using the techniques in this book, you will be able to: • select the right foods and supplements to nourish your body, and enjoy the foods you love without guilt • make your body think that it is exercising while you listen to music and relax! • release the emotions and fears that hold you back from having the body you want • change your unhelpful beliefs into more productive and useful beliefs that will allow you to release your excess weight. So say goodbye to calorie counting and feeling guilty, and say hello to being comfortable in your own body and finding inner peace and happiness!
