A sever economic critique of the 1920 Treaty of Versailles written by the famous economist, who was a member of the British peace delegation until he quit with disgust.

This text scrutinizes the motives, actions, and constraints that informed decision making by the various politicians who bore the principal responsibility for drafting the Treaty of Versailles.

'MEIN KAMPF' is the autobiography of Adolf Hitler gives detailed insight into the mission and vision of Adolf Hitler that shook the world. This book is the merger of two volumes. The first volume of MEIN KAMPF' was written while the author was imprisoned in a Bavarian fortress. The book deals with events which brought the author into this blight. It was the hour of Germany's deepest humiliation, when Napoleon has dismembered the old German Empire and French soldiers occupied almost the whole of Germony. The books narrates how Hitler was arrested with several of his comrades and imprisoned in the fortress of Landsberg on the river Lech. During this period only the author wrote the first volume of MEIN KAMPF. The Second volume of MEIN KAMPF was written after release of Hitler from prison and it was published after the French had left the Ruhr, the tramp of the invading armies still echoed in German ears and the terrible ravages had plunged the country into a state of social and economic Chaos. The beauty of the book is, MEIN KAMPF is an historical document which bears the emprint of its own time. Moreover, Hitler has declared that his acts and 'public statements' constitute a partial revision of his book and are to be taken as such. Also, the author has translated Hitler's ideal, the Volkischer Staat, as the People's State. The author has tried his best making German Vocabulary easy to understand. You will never be satisfied until go through the whole book. A must read book, which is one of the most widely circulated and read books worldwide.

In a tour de force of historical reportage, Timothy Egan's National Book Award-winning story rescues an iconic chapter of American history from the shadows. The dust storms that terrorized the High Plains in the darkest years of the Depression were like nothing ever seen before or since. Following a dozen families and their communities through the rise and fall of the region, Timothy Egan tells of their desperate attempts to carry on through blinding black dust blizzards, crop failure, and the death of loved ones. Brilliantly capturing the terrifying drama of catastrophe, he does equal justice to the human characters who become his heroes, "the stoic, long-suffering men and women whose lives he opens up with urgency and respect" (New York Times). In an era that promises ever-greater natural disasters, The Worst Hard Time is "arguably the best nonfiction book yet" (Austin Statesman Journal) on the greatest environmental disaster ever to be visited upon our land and a powerful reminder about the dangers of trifling with nature. This e-book includes a sample chapter of THE IMMORTAL IRISHMAN.

The most powerful force in the world economy today is the redefinition of the relationship between state and marketplace - a process that goes by the name of privatization though this term is inadequate to express its far-reaching changes. We are moving from an era in which governments sought to seize and control the 'commanding heights' of the economy to an era in which the idea of free markets is capturing the commanding heights of world economic thinking. Basic views of how society ought to be organized are undergoing rapid change, trillions of dollars are changing hands and so is fundamental political power. Great new wealth is being created - as are huge opportunities and huge risks. Taking a worldwide perspective, including Britain, where the process began with Mrs Thatcher, Europe and the former USSR, China, Latin America and the US, THE COMMANDING HEIGHTS shows how a revolution in ideas is transforming the world economy - why it is happening, how it can go wrong and what it will mean for the global economy going into the twenty-first century.

Europe went to war in 1914 to the sound of brass bands and cheering crowds; in every country, civilians and soldiers alike believed that the war would be won by Christmas time. By the time Christmas arrived, however, it became clear that this, indeed, would be a much longer war. In the months and years which followed, combatants pursued the war with boundless intensity in order to emerge victorious. This was partially true of Germany where publicists pictured it as a life-and-death struggle for the survival of a nation surrounded by hostile enemies. No nation involved in the conflict so completely mobilised its population, its resources, its energies into such a single-minded pursuit of the war. This unusual and incisive account chronicles Germany in World War I from the viewpoint of the soldiers who fought the battles and civilians who endured the ever increasing trauma of escalating casualties, widespread shortages, and declining conditions of living. It relates how Germany attempted to cope with a massive blockade, the scope of which had not been seen since the days of Napoleon, thus forcing German authorities to adopt a series of sometimes brutal measures, all of which rested on the underlying premise that victory, a clear-cut victory, could be the only acceptable option. Victory Must Be Ours explores the Germany which in 1914 took a prestigious leap into darkness. It explores the ingredients which make the Great War perhaps the single most fateful event in the Twentieth Century, setting in motion the most bloody conflict of all time, World War II.

A travel e-guide, includes expert advice and ideas for the best things to see and do in Paris - perfect for a day trip or a short break. Whether you want to lose yourself in the galleries of the Louvre, seek out the best boulangeries, bars and bistros, or simply wander along the Seine - this great-value, concise travel e-guide will ensure you don't miss a thing.
