New York Times bestselling author Jen Lancaster is here to help you chill the hell out. When did USA become shorthand for the United States of Anxiety? From the moment Americans wake up, we're bombarded with all-new terrifying news about crime, the environment, politics, and stroke-inducing foods we've been enjoying for years. We're judged by social media's faceless masses, pressured into maintaining a Pinterest-perfect home, and expected to base our self-worth on retweets, faves, likes, and followers. Our collective FOMO, and the disparity between the ideal and reality, is leading us to spend more and feel worse. No wonder we're getting twitchy. Save for an Independence Day-style alien invasion, how do we begin to escape from the stressors that make up our days? Jen Lancaster is here to take a hard look at our elevating anxieties, and with self-deprecating wit and levelheaded wisdom, she charts a path out of the quagmire that keeps us frightened of the future and ashamed of our imperfectly perfect human lives. Take a deep breath, and her advice, and you just might get through a holiday dinner without wanting to disown your uncle.

"Into the maelstrom of unprecedented contemporary debates about immigrants in the United States, this perfectly timed book gives us a portrait of what the new immigrant experience in America is really like. Written as a "guide" for the newly arrived, and providing "practical information and advice," Roya Hakakian, an immigrant herself, reveals what those who settle here love about the country, what they miss about their homes, the cruelty of some Americans, and the unceasing generosity of others. She captures the texture of life in a new place in all its complexity, laying bare both its beauty and its darkness as she discusses race, sex, love, death, consumerism, and what it is like to be from a country that is in America's crosshairs. Her tenderly perceptive and surprisingly humorous account invites us to see ourselves as we appear to others, making it possible for us to rediscover our many American gifts through the perspective of the outsider"--

APEX Test Prep's US Citizenship Test Study Guide 2021 and 2022: Naturalization Test Prep for all 100 USCIS Civics Questions and Answers [3rd Edition], Preparing for your test shouldn't be harder than the test itself. To that end, our APEX Test Prep team packs our guides with everything you need. Detailed Answer Explanations: Every practice test comes with an in-depth answer key. Miss a question? Don't know why? These APEX Test Prep explanations show you where you went wrong. Now, you can avoid making the same mistake on the actual exam.

Hold on to your Bibles, folks! You are about to be raptured into the gut-busting, demon-stomping insanity of God's Favorite Church.Landover Baptist - the web's ultimate religious spoof. In the sacred and honorable tradition of The Onion comes a hilarious collection of outrageous news, graphics and games that gleefully skewers America's very own Taliban,the evangelical right. Pastor Deacon Fred, Mrs. Betty Bowers, America's Best Christian(tm), Pastor Harry Hardwick and the rest of the pew-jumping, finger-pointing crazies at Landover Baptist Church (Guaranteeing SalvationSince 1620!) provide a sharply written book full of uproarious words and images. With its shocking exposes, X-rated bible quizzes, scandalous sidebars and mug shots of America's damned, "Welcome to Jesusland!" is sure to become a classic of religious and political humor, taking its rightfulplace next to the Holy Bible as essential reading in all of America's hotel nightstands.

Now in a full-length book, the New York Times Pulitzer Prize-winning graphic story of a refugee family who fled the civil war in Syria to make a new life in America After escaping a Syrian prison, Ibrahim Aldabaan and his family fled the country to seek protection in America. Among the few refugees to receive visas, they finally landed in JFK airport on November 8, 2016, Election Day. The family had reached a safe harbor, but woke up to the world of Donald Trump and a Muslim ban that would sever them from the grandmother, brothers, sisters, and cousins stranded in exile in Jordan. Welcome to the New World tells the Aldabaans' story. Resettled in Connecticut with little English, few friends, and even less money, the family of seven strive to create something like home. As a blur of language classes, job-training programs, and the fearsome first days of high school (with hijab) give way to normalcy, the Aldabaans are lulled into a sense of security. A white van cruising slowly past the house prompts some unease, which erupts into full terror when the family receives a death threat and is forced to flee and start all over yet again. The America in which the Aldabaans must make their way is by turns kind and ignorant, generous and cruel, uplifting and heartbreaking. Delivered with warmth and intimacy, Jake Halpern and Michael Sloan's Welcome to the New World is a wholly original view of the immigrant experience, revealing not only the trials and successes of one family but showing the spirit of a town and a country, for good and bad.

This guide contains basic information to help you settle in the United States and find what you and your family need for everyday life. It also summarizes important information about your legal status and about agencies and organizations that provide documents or essential services you may need.
