Your move is a great place to work however it isn't as professional as most businesses. I work at the main call centre in ocean village and I feel as if they have no value for staff which is a real shame. I've worked here for nearly 4 years and the only thing that has kept me here is the bonuses and ideal hours.

Created by Ron Leavitt, Michael G. Moye. With Jason Bateman, Caren Kaye, Tricia Cast, Ernie Sabella. Enrapturing high school grifter Matt Burton may finally have met his match when his widowed mother begins dating their new apartment building neighbor Norman who's wise to Matt's schemes and attempts to foil every one of them hoping to set his would be stepson on the straight and narrow.

When ten-year-old James' gang initiation endangers his six-year-old brother Isaac, they find the courage to say, "Thanks, but no thanks."

In this six-session video Bible study (DVD/digital downloads sold separately), Andy Stanley gives you five key questions to ask when you have a decision to make and you're not sure what to do. We never know what or who hangs in the balance of the decisions we make. But what we do know is this: private decisions have public implications. Your private decisions probably won't stay private, and personal decisions will impact some other persons. These five simple questions will empower you to: Make better decisions with fewer regrets Pause when feeling tension over a decision Take the long view Look for the wise option Focus on the relational impact of decisions Designed for use with the Better Decisions, Fewer Regrets Video Study (sold separately).

Modern romance is broken. It's time to flip the script. Apps have transformed dating from a mysterious adventure into a daily chore. Young, single, college-educated women are sick and tired of competing for a shrinking supply of guys. And marriage-material men, long expected to take the lead when it comes to asking women out, are suddenly balking at making the first move, fearing they'll come across as creepy or inappropriate. Society is changing, which means it's time for dating to evolve. Millennial and Gen Z women are more than capable of seeking out what—and who—they want. They're standouts in the classroom and champions on the playing fields. They're leaders in the workplace and trailblazers in city halls, state houses, and Congress. So why would we tell a generation of badass women that they're not allowed to be bold when it comes to finding love? Why should they have to sit back and wait (and wait and wait) for men to find them? In *Make Your Move: The New Science of Dating and Why Women Are in Charge*, Jon Birger, author of *Date-onomics*, offers women bold new strategies for finding the one. Backed by research showing that women can win at romance by making the first move with the men of their choice, Birger explains why:

- It's better to choose than to be chosen
- The "play hard to get" method is not only outdated but grounded in bad science
- The first move does not have to be a big move
- It's time to log off of dating apps and date men you actually know
- The workplace can be a terrific place to meet a long-term romantic partner
- . . . and more!

Make Your Move is an honest, solution-based guide to finding love that lasts. If you're tired of playing by

old rules, look no further: Make your move and win.

Board games are among our most ancient and beloved art forms. During the rise of digital media, they fell from prominence for a decade or two but today they are in a new golden age. They're ingeniously designed, beautiful to look at, and exhilarating to play. Games are reclaiming their place in our culture, as entertainment, social activity, and intellectual workout equipment. Alone among all art forms, games require their audience (called "players") to participate. If nobody's playing, there is no game. As a result, games can tell far more about us than our TV shows, movies or music ever could. How does The Game of Life illustrate our changing attitudes about virtue? How does a World War II conflict simulation game explain the shortcomings of a failed novelist? Each chapter of *Your Move* examines one game, and what it reveals about our culture, history, society, and relationships. The book's two co-authors bring the perspectives of a writer who plays, and a player who writes. Before Jonathan Kay began his distinguished career as an author and commentator, he had a passion for games, and in recent years he has rediscovered them. Meanwhile, Joan Moriarity's career has been spent designing, developing, distributing, art directing, recommending and teaching board games and, recently, writing about them for a wider audience. With its short, punchy essays, and dozens of beautiful photographs of the games themselves, every chapter will be a worthwhile read in itself, and the book overall will leave you inspired to discover the truths of your own inner and outer world

through play, whether you're a seasoned veteran or a total newcomer.

A Wall Street Journal Bestseller One of the stars of Bravo's hit series Million Dollar Listing Los Angeles reveals his trade secrets, offering aspiring entrepreneurs and established professionals tips and insights to help them outsmart the competition. Josh "the Shark" Altman has achieved extraordinary success in a traditional industry and in the most competitive real estate market in the country—all without being "discovered" or catching the proverbial big break. He worked for it. He figured it out. He failed. He learned. He wrote his own script. The key to his success? Confidence—informed, intelligent, calculated confidence. Calculated confidence means training yourself in your chosen field, knowing it so well that you can trust your gut instincts to guide you towards the best possible option. When key opportunities present themselves, you are ready to seize them. In *It's Your Move*, one of the stars of Bravo's hit TV series Million Dollar Listing Los Angeles shares invaluable and street-smart strategies for how to build your confidence, establish your reputation, master the knowledge you need to succeed, take the right risks, and course correct when you make a mistake. Drawing on his experiences negotiating multi-million dollar deals and offering impeccable service to his celebrity and high-profile clients, Altman shows you all the right moves to help you become better, stronger and more effective—whatever your profession or ambitions.

Your Move: A New Approach to the Study of Movement and Dance establishes a fresh and original framework for looking at dance. In examining the basic elements of dance - the Alphabet of Movement - and using illustrations of movement technique and notation symbols it provides a new way to see, to teach and to choreograph dance. This book gives a list of primary actions upon which all physical activity is based, focusing on both the functional and expressive sides of movement. It draws upon the author's broad experience in ballet, modern and ethnic dance to reinterpret movement and to shed new light on the role of movement in dance. Your Move is an important book not only for dancers but also for instructors in sport and physical therapy. Each copy of Your Move comes complete with exercise sheets, which can also be purchased separately. A teacher's guide has also been designed providing notes on each chapter, approaches to the exploration of movement, interpretation of the reading studies, additional information of motif description and answers to the exercise sheets. An optional audio cassette, with music written and recorded especially for use with the book, is also available.

From the coauthor of "Training from the Heart" comes a motivational book on living one's best life at home or at work.

We are all faced with decisions that we never anticipated having to make. And, we usually have to make them quickly. In this four session video group study, author and pastor Andy Stanley discusses four questions that will help participants make sound decisions with God's help. Follow Andy as he teaches how every decision and its outcomes become a permanent part of your story, what to do when you feel the need to pause before taking action, and how to make more of this life by making sound decisions. This DVD-ROM contains everything you need to create your group experience: Andy's original message series on Your Move and four video sessions taught by Andy Stanley which are 15-20 minutes in length as well as a Participant's Guide in PDF format which you may print for every member of your group.

"There's no quitting, no turning back." Edward Gleason has always been at the top of the game—or at least he was until he met Naomi. When Edward committed to stealing the Mona Lisa, the last thing he expected was that he'd be helping out his old partner, Kyle, who tried to steal the precious artifact right out from underneath him. Not only does Edward find himself trying to outrun the FBI that is hot on his tail, but he also has to face the fact that Naomi knows his true identity; she could turn on him, leave him, and turn him in any minute. Staying one step ahead has always been one of Edward's strong points, but there's never been so much at stake before. With the truth now standing like an ominous wall between them, Naomi must decide between doing what she thinks is right and following her heart.
